## WHY GETS

GETS assists Polish companies looking to develop trade partnerships in the United States and is highly qualified in all forms of cooperation between US and Polish businesses. As a distributor of Polish-made products, GETS also manages the supply chain while dealing with the manufacturers based in Poland.

GETS  
Global Enterprise & Technology Systems

Diverse manufacturing capabilities

Impeccable durability

Exceptional finishing

Very competitive pricing

Extensive experience in production

High-quality products

In reference to the furniture industry,

Poland is solidly present on the global market.

Poland is the world's 3<sup>rd</sup> largest furniture exporter. Consequently, Polish furniture makers, well-established in European and other markets, are constantly looking to expand their business reach. Poland's manufacturing industry has a number of growing, entrepreneurial companies that are heavily investing in state-of-the-art equipment and technologies, also quickly adapting to new market requirements and expectations.

GETS' portfolio includes a wide range of hotel **furniture**, **upholstered furniture**, **carpets and chairs**. We work only with leading and highly experienced Polish manufacturers.

## PRODUCT 1. FURNITURE

GETS has decided to respond to the needs of customers who expect furniture not only of exceptional aesthetic appearance and durability, but also of ideal fit for the interior. For this reason, we focus on customized furniture, manufactured strictly to customers' instructions and accommodating the most sophisticated tastes. Our products are creative in terms of design but also exceptionally practical in terms of use.

Our project teams have extensive experience with guestroom and public space purchasing for many types of properties including but not limited to:

Luxury and Resort Properties, Boutique Hotel, Historical Renovations, restaurants, bars, cafes, banquet halls and residentials.

**High quality is of  
the essence for us!**

Regardless of what  
furniture we make,  
we always guarantee  
full satisfaction with  
its durability and  
aesthetics.

Our furniture is made of all available materials, including **veneered panels, melamine boards and MDF, wood, steel, glass, sawn timber** and others.

Our adaptability allows us to respond to all expectations and financial abilities of every customer.

## PRODUCT 2. CHAIRS AND TABLES

No project is complete without chairs and tables. GETS' chairs are designed to offer comfort and functionality together with a harmonious look and ergonomic experience. The universal design of our conference table systems allows you to create various arrangements freely and quickly.

Various shapes and types of chairs and tables enable us to furnish a simple room as well as a challenging conference room or a dining place. Low and high chairs and tables are available. Mix and match to create the ideal meeting zone!

We provide perfect solutions to suit every environment,  
whether an executive boardroom, conference room  
or ordinary meeting space.

# Logistic

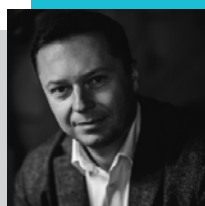

At GETS, our team is not just a group of professionals; they are your partners in success. With a dedication to precision, communication, and problem-solving, we navigate the complexities of the project so that you can sit back, confident that your project is in capable hands. Our priority is your satisfaction, and we are committed to delivering results exceeding expectations.

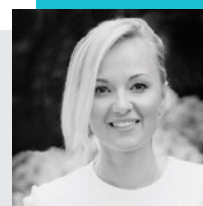

Our team is dedicated to helping everything run smoothly. They'll establish a punch list for each project, develop a timeline, and work with manufacturers to ensure products arrive when needed. They'll also work with general managers and installers through the delivery process to make sure your project is done on time and on budget. We're on point until the entire punch list is complete, even acting as a liaison and advocate for you where necessary to get any issues resolved.
