SAN ANTONIO: THE COSMIC CITY OF THE FUTURE

Mayan Day Out of Time Celebration • July 25, 2026

A Regenerative
Sponsorship Prospectus

Where Ancient Time Meets Tomorrow

The “Day Out of Time” is the galactic pause—the 365th day of the year where we stop, align, and celebrate planetary peace before the Galactic New Year. In 2026, we are transforming the San Antonio Botanical Garden into a Solarpunk Eco-City.

Global Alignment: Linking San Antonio’s cosmic energy to the 2026 Iceland Solar Eclipse.

Ancient-Future Cosmology: Honoring the river, the land, and ancestral wisdom through future-forward art.

Community Activation: 250+ mindful leaders, creators, and visionaries gathering in physical and digital synergy.

Step Into The Eco-City

Lush Architecture: Solar glass, breathing vines, and glowing pathways guiding attendees.

Regenerative Gathering: Soft lighting warming lush greenery and conscious community networking spaces.

Mythic Spaces: Stages and lounges acting as portals for sound, readings, and deep connection.

Why Your Support Matters to San Antonio's Cultural Future

A movement, not just an event.

Reconnecting: Honoring ancestral wisdom, the San Antonio River, and the land we inhabit.

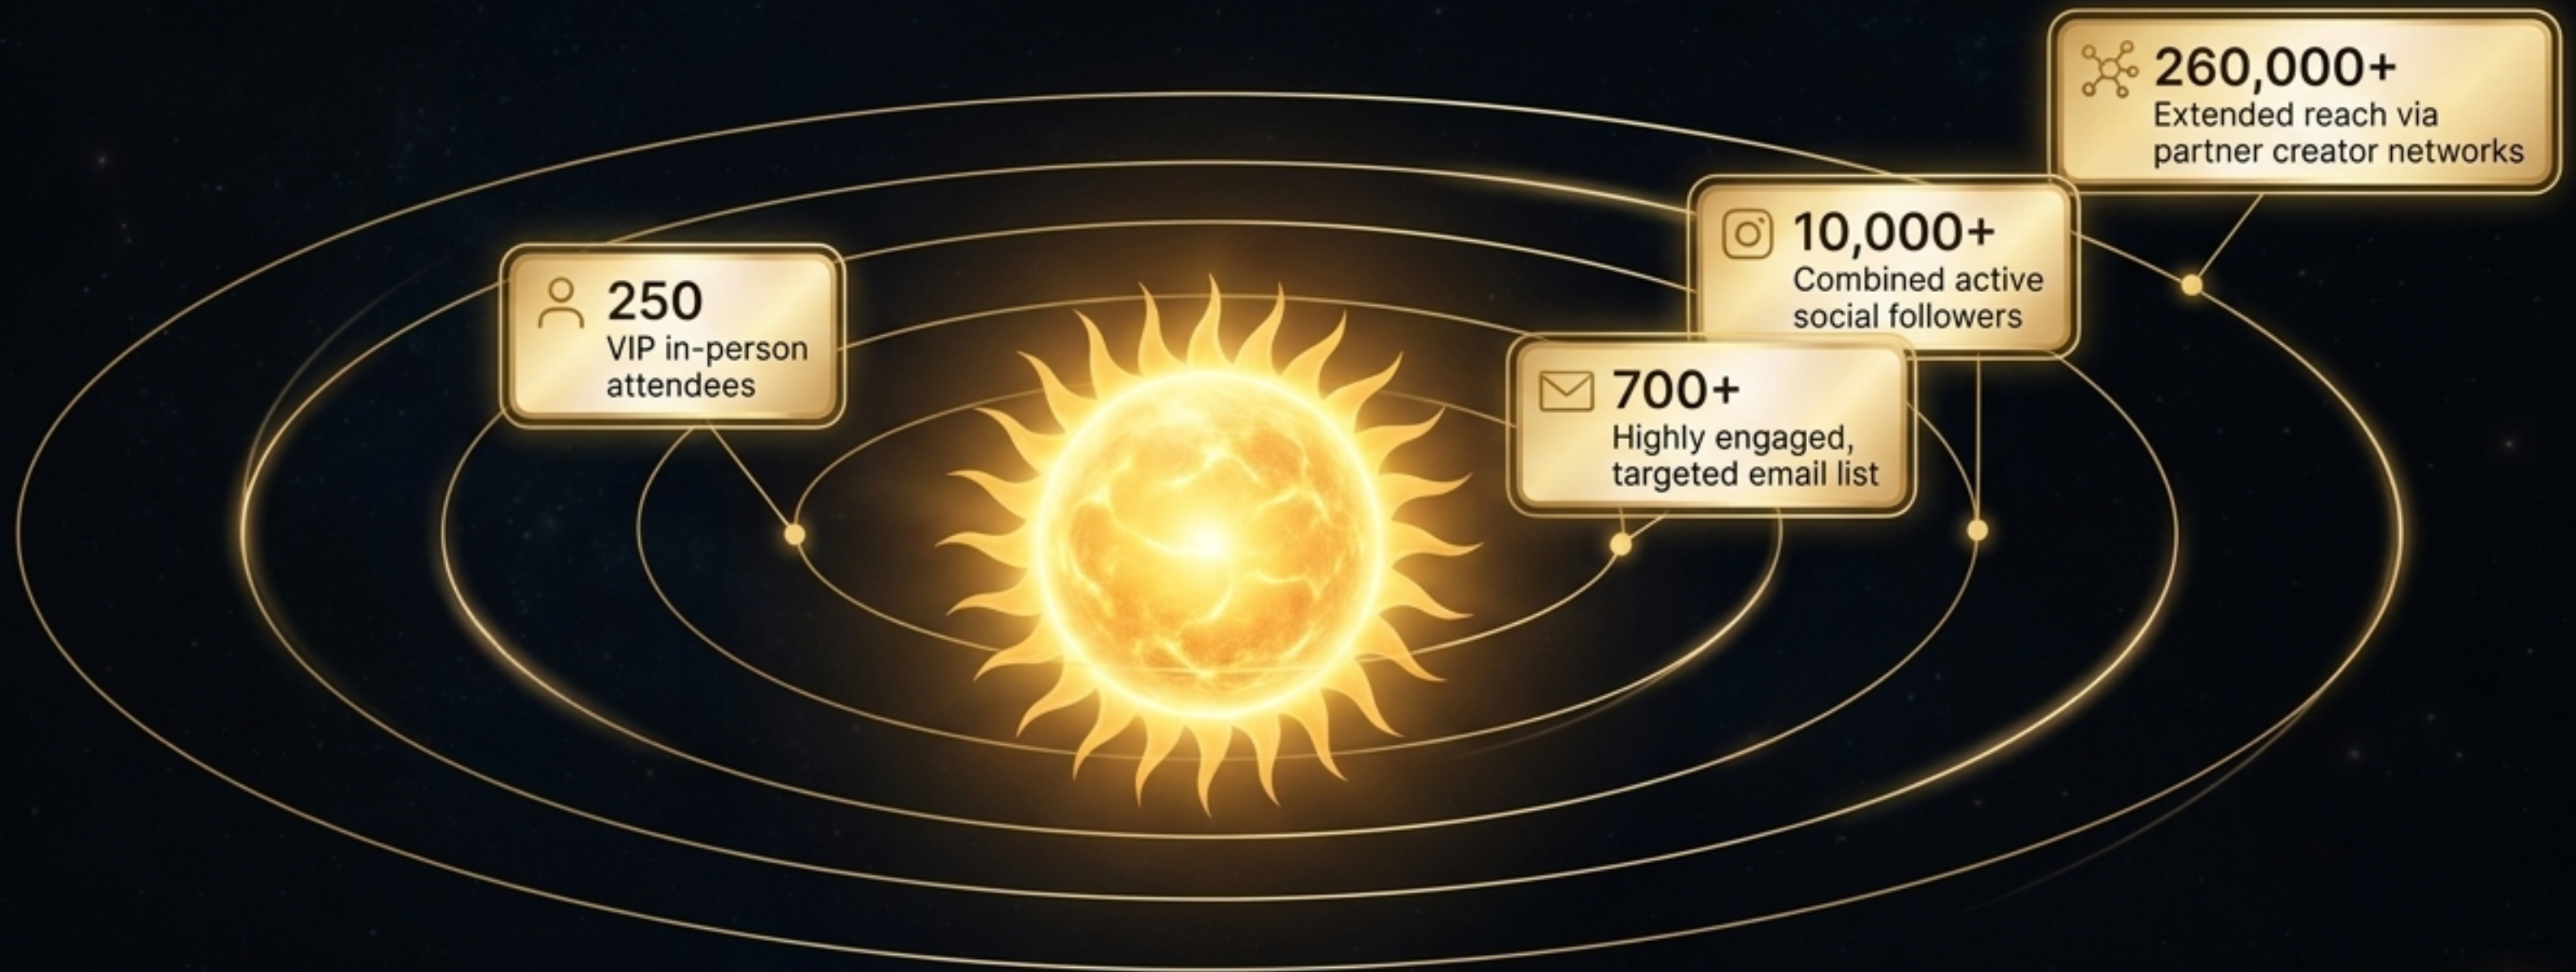

Amplifying: Supporting local creators, storytellers, and indigenous voices.

Belonging: Building a sanctuary for a diverse, like-minded, and conscious community.

Pioneering: Cementing San Antonio as a global hub for wellness and regenerative futurism.
