About this trip

ThetravelingTrendie has partnered with Siham Lahmene, founder of Morocco's first woman-owned culinary and luxury heritage tour company, featured in Forbes and Travel + Leisure. Together, we have created a women-centered journey designed for restoration, cultural depth, and meaningful connection.

This experience is curated for women in demanding seasons of life: mothers carrying full schedules, founders holding a lot, women rebuilding after divorce, and women entering a new chapter such as an empty nest. The intention is simple: you should return home feeling lighter, clearer, and more like yourself.

What makes this journey different is that it is not only immersive, it is relational. You will share meals and experiences with women-led and women-supporting communities, with space to slow down,

Trip Overview

breathe, and reconnect with yourself and with a small circle of women who understand what it means to carry responsibility.

Our pace is intentional. This itinerary balances guided cultural moments with unhurried time to rest, enjoy beautiful properties, and integrate what you are experiencing. Luxury is not just what you see. It is how supported you feel while you are there.

Immerse in the beauty of Morocco

Morocco invites you to soften. Ancient cities, craftsmanship, music, and hospitality create a setting where women can slow down without apology. This journey blends purposeful luxury with cultural connection, designed to help you feel both inspired and restored.

You will travel from the Atlantic coast to the imperial cities, through the High Atlas Mountains, and into the quiet beauty of the Agafay Desert. Along the way, you will experience Morocco through story, artistry, and human connection. Fez offers centuries of craftsmanship and tradition. The mountains bring stillness and perspective. The desert creates space for reflection. Marrakech adds color, design, and vibrant creative energy.

A core thread throughout the journey is women's empowerment. You will spend time with women whose work preserves cultural heritage, builds community, and expands opportunity. These encounters are not performative. They are chosen for genuine connection and respect.

Your accommodations are selected for elegance, comfort, and a sense of sanctuary. You will stay in refined riads, a beautiful desert camp, and the iconic Kasbah Tamadot, a mountain retreat that invites deep rest, quiet mornings, and breathtaking views.

This is more than a tour. It is a journey of sisterhood, renewal, and purposeful luxury, created so you can explore deeply and return home feeling grounded, refreshed, and supported.
