Instructions:

1. Survey ten unchurched* people by asking the following questions. You can find these people anywhere you wish (door-to-door, mall, friends, etc.).
 - When you think of church, what's the first word that comes to mind?
 - If you could ask God any question, what would you ask?
 - Is there anything in life you wouldn't give up, no matter what?
 - I'm planning to start a church (or, I am part of a church) for people who don't go to church. What advice do you have for me?
2. Bring your results to the assessment event, and be prepared to share them.

**"Unchurched" is defined as anyone who has not regularly attended a church for more than five years.*
