

KD GLOBAL

KD GLOBAL
PLASTİK, TARIM, İNŞAAT VE KİMYA
İTH. İHR. SAN. VE TİC. LTD. ŞTİ

Our Vision

Our vision is to become a leading brand that promotes the global adoption of recycled plastic raw materials as a reliable, sustainable, and high-quality alternative.

By placing the circular economy at the center of our approach, we aim to contribute to reducing the environmental impact of the plastics industry and to become a reference company in international markets.

Our Mission

Our mission is to produce plastic raw materials obtained from industrial recycling processes in accordance with international quality standards and deliver them to global markets.

We aim to support our customers' production processes by providing consistent quality, technical reliability, and competitive solutions.

PRODUCT CATEGORIES

POLYETHYLENE &

#4001

Product Type	White Eltex (PE)
Fluidity	68
Density	0,93 g/cm³
KG	5,000
Colour	White

Product Type	Elastomer (PE)
Fluidity	60 - 85 Shore A
Density	1,10 - 1,20 g/cm³
KG	5,000
Colour	Gray

#4002

#4003

Product Type	Şeffaf (PE)
Fluidity	-
Density	-
KG	-

Product Type	Dripple (PE)
Fluidity	2,33 g/10min.
Density	0,91 g/cm³
KG	5,000
Colour	Black

#4004

#4005

Product Type	Blue Elteks (PE) Granules
Fluidity	1,20 g/10min.
Density	0,91 g/cm³
KG	5,000
Colour	Blue

Product Type	Red Kasa 668 (PE)
Fluidity	6,5 g/10min.
Density	0,952 g/cm³
KG	-
Colour	Red

#4006

POLYPROPYLENE

Product Type	Battery Granules (Technical PP)
Fluidity	4,40 g/10min.
Density	0,90 g/cm³
KG	-
Colour	Black / Gray

#5001

#5002

Product Type	White Polypropylene (PP) Granules
Fluidity	11,2g/10min.
Density	0,90 g/cm³
KG	2,160
Colour	White

Product Type	Tampon Granules
Fluidity	4,40 g/10min.
Density	0,90 g/cm³
KG	2,160
Colour	Black

#5003

Our Field of Activity

KD GLOBAL carries out the sorting, processing, and granulation of recycled plastic raw materials within established technical standards. Our products are developed to meet the needs of manufacturers operating in different industries and are produced to ensure stable and reliable performance.

Our Approach to Quality and Standards

KD GLOBAL's core strength lies in its consistent quality and standardization approach, maintained without compromise for years. We aim to minimize batch-based fluctuations and deliver the same technical performance with every shipment.

Reliability and Business Partnership

KD GLOBAL builds its relationships with customers not on short-term commercial gains but on long-term partnerships based on trust. The company operates according to the principles of committed quality, timely delivery, and transparent communication.

Our Sustainability Approach

KD GLOBAL adopts the principles of the circular economy and aims to transform plastic waste back into industrial value. The company focuses on reducing environmental impact during production processes while contributing to the protection of natural resources and the development of sustainable industry.

Fast and Planned Delivery

Recognizing that time is critical for production processes, KD GLOBAL manages its delivery operations in a planned and controlled manner. Through accurate stock and production planning, the company provides fast and reliable delivery solutions to its customers.

Our Standardization Principle

At KD GLOBAL, standardization is built upon the principles of continuity, consistency, repeatability, and operational reliability.

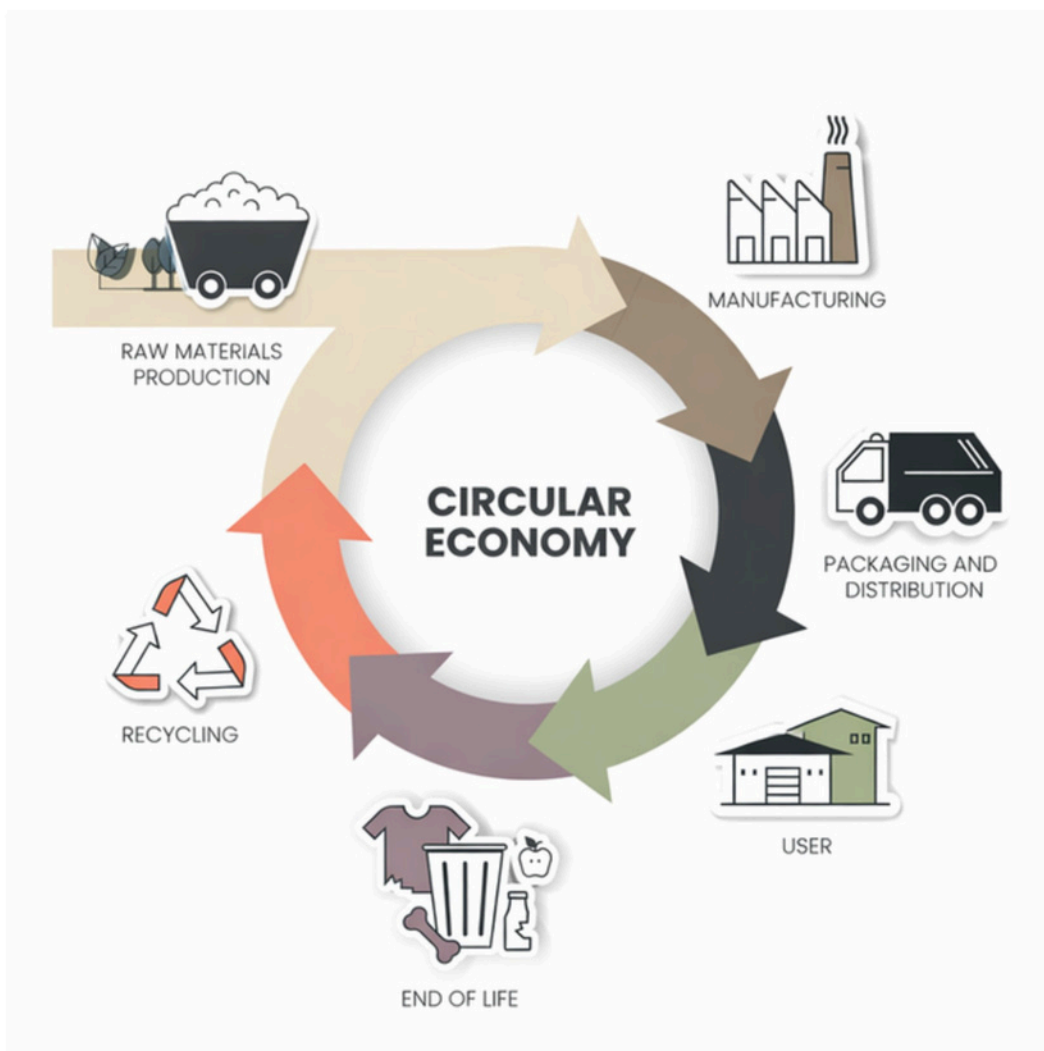

Our Quality Commitment

KD GLOBAL considers quality not as an option but as an essential responsibility. In all our activities, we operate based on the principles of consistency, reliability, transparency, and continuity.

Our Fast Delivery Commitment

At KD GLOBAL, we combine fast delivery with strong planning, operational discipline, and a sense of responsibility to ensure reliable supply to our customers.
