

Sunday Morning Quick-Guide

A checklist for church tech teams

Before Soundcheck

- Equipment Power-Up
- System Check
- Livestream Check

During Soundcheck

- Step 1 — Microphone Check
- Step 2 — Instrument Check
- Step 3 — Vocal Mix
- Step 4 — Monitor Mix
- Step 5 — Walk the Room
- Step 6 — Prep mics, clean stage

During Service

- Microphone clarity
- Feedback risk
- Volume balance
- Avoid sudden volume changes
- Adjust gradually
- Mute microphones not in use

After Service

- Mutes on, power off, clean up

Note: Use this checklist to ensure a smooth and effective service. Adapt it to your specific needs and equipment setup.
