BACK GROUND

- Sofouh Al Emaar Trading EST. "SAE" is a dynamic and advanced importer and distributor of industrial fitting, black steel and galvanized steel pipes (ERW And Seamless) Butt Weld fitting and threaded pipes and fittings, valves, clamps, flexible and other supported accessories to install chiller plants, firefighting system and oil pipelines. The Company is a pioneer supplier of mechanical, Electrical and Plumbing MEF materials to industrial, mechanical and construction projects in Saudi Arabia.
- Primarily established in 1998 to aid in the country's quickly expanding infrastructure, the company is well-experienced with being quality product suppliers to its customers with an international distribution network. SAE
- Est. is proud to have its longstanding direct relationships with OEM manufacturers, bringing its customers world-class products throughout the Kingdom right of their project locations without any intermediaries, thus lowering their project costs.
- Since the inception of the company, SAE is thriving on pillars of integrity, market innovation, and quality of our performance and achievement. The company is driven by a professional management and staffed by qualified engineers who have been able to cater to the whole Saudi Arabian and GCC market with its range of products and services,
- including technical advice and consultative services in relation to huge construction projects. The supply chain is stocked and planned with updated inventory systems across multiple warehouses. We have been able to satisfy our loyal customers to provide them timely delivery of material with our expansive, fast-moving transportation and logistics systems.

Our Vision

We are customer-led, supplier-enabled Distributer.
Our Vision is to be the most-reliable and trusted partner for our customers and the preferred route to market for our suppliers all across the kingdom

Our Mission

Guided by our vision we shall deliver high-quality, cost-effective product on schedule and enhance our client's satisfaction by establishing long term
