

Bet On A Vet 100

Empowering Vets to Own A Franchise

- NOW AWARDING -

Up to \$10,000 seed money to
100 Veterans that want to own a
franchise business

\$1,000,000 TOTAL

The FCC Veterans Franchise Council has launched a \$1,000,000 financial initiative for Veterans that want to own their own business. For the first 100 Vets that qualify, this initiative can provide **up to \$10,000** to make it happen!

DID YOU KNOW: 1 in 7 Franchises are owned by a Veteran

Veterans own franchises in every industry including pets, fitness, health care, food & beverage, home services, technology, security, automotive, and so many more ... If you would like to join the elite ranks of Veterans that own businesses reach out before the funds are gone!

Steps In the Process:

When a Veteran wants to learn about owning a franchise, and apply for \$10,000 in seed money, we start with a short questionnaire to determine a Vets business interests, time frame and financial situation. Then we work together to find franchises that match their interests, skills, location, and family. As we drill down through hundreds of franchises, Veterans can start to see which businesses best fit their own unique situation.

To Qualify:

1. Applicant is an honorably discharged US Military Veteran or is currently an active member of the US Military.
2. Applicant completes the intake questionnaire and works through the steps directly with a Veterans Franchise Council (VFC) participating member consultant.
3. Applicant qualifies for and is awarded a franchise after being registered with that franchisor by the VFC member consultant.
4. Applicant completes the purchase of their franchise

The initiative was launched in June 2023 and will continue until all funds have been awarded.
