MY BOOKING PROCESS

# YOUR WEDDING

## *01 Discovery call*

It's time to schedule a meeting—either in person or via Zoom/video call. This conversation is an important part of the experience, giving us the chance to connect, discuss your vision, and ensure every detail of your day is beautifully understood.

## *02 Wedding Contract*

Once you're ready to secure your date, the next step is to sign the contract and pay the retainer. This ensures that your wedding day is officially reserved on my calendar and allows us to begin planning every detail with clarity and peace of mind.

## *03 Before your Wedding*

30 days before your big day, we will schedule a final check-in to go over all the important details. This is when we review your timeline, confirm locations, discuss key moments, and ensure everything aligns perfectly with your vision. During this meeting, we'll walk through your ceremony and reception plans, family photo lists, special requests, and any last-minute updates. |

### *01 After your Wedding*

The final invoice after the wedding day includes any remaining balance for your chosen collection, along with any additional services or upgrades requested during the planning process. This may include extra hours of coverage, albums, prints, or other add-ons you've selected. You'll receive the invoice digitally, and once it's settled, we'll move smoothly into the editing and delivery phase. My goal is to keep everything simple, transparent,

### *02 Photography Editing*

After taking the pictures, I make a careful and qualitative selection of your images. Each photograph is reviewed with intention to ensure that only the strongest, most authentic, and emotionally meaningful moments make it into your final gallery.

### *03 Gallery delivery*

You will receive your images in a beautifully curated online gallery, delivered in high-resolution .jpg files. Your gallery will be easy to view, download, and share with loved ones, and it will include both color and black-and-white edits where suitable.
