COLLECTION

Powder Coating

Professional Powder Coating Solutions —
Strong, consistent and long-life coating, designed for machinery and metal parts.

Fabrication

Specialists in MS, SS, Aluminium Fabrication with flawless finishing.
Built for strength, stability and long service life.
Ideal for industrial, commercial and custom projects.

Manufacturing

End-to-end Manufacturing Solutions tailored to your needs.
Premium materials and precise fabrication at every step.
Trusted for quality, consistency and timely delivery.

GAS BAKING OVEN

Heavy-duty 3-deck Gas Baking Oven with stainless steel body, digital temperature control, and glass view windows.

Designed for large-scale bakery production with high efficiency and 1000–2000 kg capacity.

OVEN

TWO TRAYS

COMMERCIAL GAS OVEN

Compact Two-Tray Commercial Gas Oven with stainless steel build, digital temperature control, and clear viewing window.

Designed for efficient, uniform baking—perfect for small to medium bakeries and commercial kitchens.

ELECTRIC SINGLE-DECK OVEN

Electric Single-Deck Pizza Oven with stainless steel body, dual glass windows, and precise temperature controls for consistent baking.

Ideal for pizzas, breads, and snacks—perfect for bakeries, cafés, restaurants, and commercial kitchens.

FABRICATION WORK

Upgrade your projects with premium-quality Fabrication Work. Perfect MS, SS & Aluminium fabrication with ultra-clean finishing. Strong, accurate and built to handle heavy-duty performance. Custom designs made exactly the way you imagine. Fast delivery, expert workmanship and unbeatable quality. For fabrication that stands out — choose the team that delivers perfection.

POWDER COATING MACHINE

We manufacture high-performance Powder Coating Machines designed for smooth, uniform and efficient coating results. Built with advanced controls and durable components for reliable, professional-grade industrial performance.

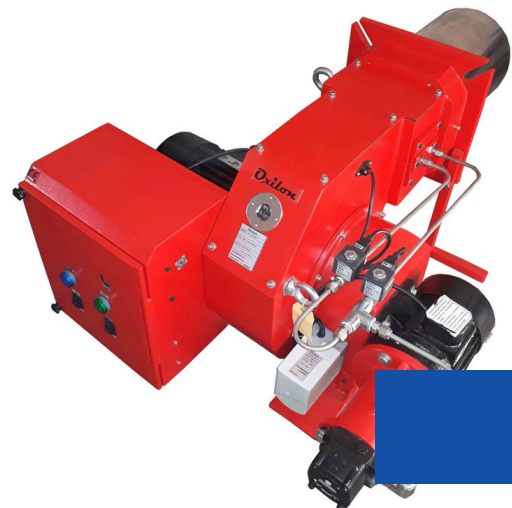

POWDER COATING OVEN

High-efficiency Powder Coating Ovens engineered for fast, uniform curing with maximum heat stability. Built for heavy-duty industrial performance, low maintenance, and long-lasting durability.

POWDER COATING SPRAY GUN

A high-performance Powder Coating Spray Gun designed for smooth, even, and efficient coating application. Durable, lightweight design with precision control for professional finishing results.

POWDER COATING OVEN BURNER

High-efficiency Powder Coating Oven Burner designed for fast, uniform heating and stable temperature control. Built with robust components for long-lasting performance and energy-efficient operation.

POWDER COATING

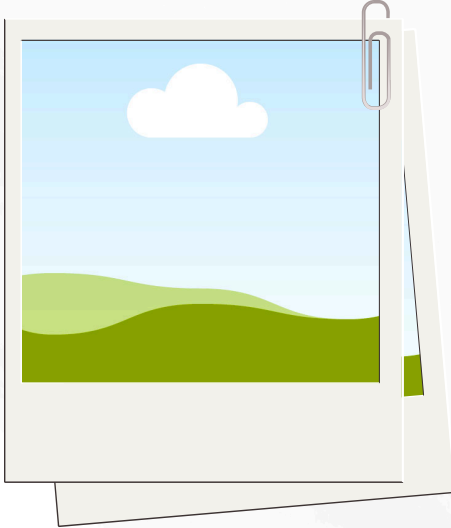

Premium Powder Coating with smooth, durable and scratch-resistant finishing.

Perfect for MS, SS & Aluminium components with long-lasting protection. Quality coating that makes your product look new and last longer.

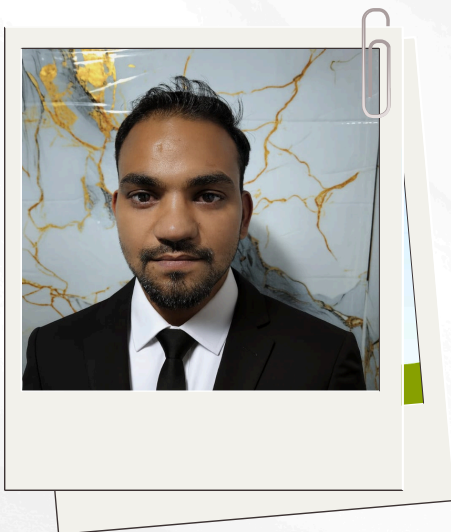

MEET THE FOUNDER

Umarfaruk Gulammohammed Sorathiya DIRECTOR & CEO

Director & CEO of UFS Manufacturing
— Leading innovation in fabrication,
powder coating, and advanced
machinery.

Mohammad Rizwan Siddiqui CO-FOUNDER

Co-Founder, UFS Manufacturing
— Focused on quality, efficiency,
and sustainable manufacturing
solutions

Momin Salim Farukbhai CO-FOUNDER

Co-Founder of UFS Manufacturing
— Driving growth, quality, and
excellence in fabrication and
powder coating solutions.
