### 4D3N Maliau Basin Jungle Trekking **MYR 3,985 per person**

Step into the heart of Borneo's Lost World—the legendary Maliau Basin. Hidden away in Sabah's untouched wilderness, this vast Jurassic jungle is a natural fortress bounded by towering cliffs, home to rare wildlife, giant trees, and thundering waterfalls. With only a fraction of the 390km<sup>2</sup> basin explored, you will be among the few to set foot into its depths.

This is not just a trek. It's a journey back in time—through ancient forests, across rivers, and into remote camps accessible only by days of hiking. Along the way, discover carnivorous pitcher plants, towering dipterocarps, and the roaring 7-tiered Maliau Falls—the crown jewel of the basin.
