Jungle Survival Trekking 2D1N/3D2N/4D3N

Step into the wild with this rugged, off-the-grid jungle experience deep in a non-touristic lowland rainforest, located about 2 hours from Kota Kinabalu. This is not your average trek – it's about living off the jungle with only the bare essentials, learning survival skills from our experienced guides as you push through nature's raw terrain.

Armed with a machete, you'll trek 4-5 hours daily through undulating landscapes, cross rivers, climb hills, and cool off at waterfalls. Along the way, you'll master jungle skills such as:

Machete handling

Jungle navigation

Finding food and water in the wild

Fire Starting

Crafting jungle shelters

Jungle Safety

At night, you'll sleep under the stars in a hammock with tarpaulin, strung between trees, accompanied by the warmth of a campfire. Each night's campsite will be in a different setting – hilltops, riverbanks, valleys, or spurs – making every day a new adventure.
