

Scribe Diva Ink

Pricing & Access Architecture

I. THE CREATIVE BASE FEE — \$900

The Creative Base Fee grants access to the Scribe Diva Ink universe. It covers the intellectual and emotional labor required to understand:

- your story,
- your voice,
- your vision,
- and the desired impact of the final narrative.

This fee is non-refundable and required before any creative work begins.

The Creative Base Fee is valid for 30 days from payment.

Projects not initiated within this window require a new assessment.

II. SPEECH, NARRATIVE & WRITTEN REPORT PRICING

\$30 – \$180 per finished minute based on the category of speech and/or report, and the depth and sophistication required: Finished minutes refer to the length of the delivered narrative, not the duration of meetings, research, or revision time.

Deliverable	Approximate Speech Length	Cost per Finished Speech Minute	Minimum Investment
Inspirational Voice	30 minutes	\$30-\$45/min	\$900 US
Executive/Thought Leader Voice	30-60 minutes	\$45-\$60/min	\$1350 US
Research Informed Voice	30-60 minutes	\$90-\$180/min	\$2700 US

Words are not priced by length — they are priced by consequence.

Inspirational Voice: The inspirational voice tier transforms turning points into meaning. These narratives do not motivate for motivation's sake — they awaken. Through emotional clarity, storytelling, and linguistic precision, each message honors what has been survived, names what is possible, and reconnects audiences to the parts of themselves that responsibility muted. The goal is not only applause — it is alignment. Designed to be felt.

Ideal for: *life transitions, ceremonies, commencements, memorials, organizational milestones, and moments where people require more than direction — they require remembrance of self.*

Executive/Thought Leadership Voice: This tier gives leaders language worthy of their vision. These narratives clarify conviction, sharpen identity, and align audiences around a strategic truth. Every sentence is intentionally engineered to communicate not just *what* a leader thinks, but *who* they are and *why* their voice matters now. Designed to direct.

You don't hire Scribe Diva Ink to write. You hire Scribe Diva Ink to clarify what language makes possible.

Ideal for: keynotes, major announcements, rebrands, stakeholder alignment, emergent thought leaders, or executives who need their ideas to travel farther than the meeting room.

Research-Informed Voice (Spoken Narratives / Speeches): This tier transforms data, history, and documented facts into audible intelligence. These speeches do more than present findings; they interpret them, contextualizing trends, outcomes, and evidence so audiences understand not just what happened, but why it matters now.

Every line is curated for clarity, authority, and resonance, enabling leaders to articulate complex truths with confidence. This voice moves listeners from observation to conviction, turning information into shared understanding and direction. Designed to persuade.

Ideal for: annual meeting addresses, board presentations, research unveilings, funding cases, policy messaging, and any moment where spoken truth must not only inform — but persuade.

Research-Informed Narrative (Written Reports & Documents)

Deliverable	Approximate Page Count	Cost Range
Narrative Summary/Brief	2–5 pages	\$1,000 – \$5,000
Impact or Program Report	5–12 pages	\$5,000 – \$12,000
Annual Report/Organizational Narrative	12–35+ pages	\$12,000 – \$35,000+

This pricing schedule converts data, results, and organizational milestones into narrative artifacts. These documents do more than account for outcomes — they shape perception, contextualizing achievements, challenges, and evidence so readers comprehend what happened, why it mattered, and what it changes moving forward.

Each deliverable is grounded in credibility, sourced insight, and strategic framing. Where most reports stop at explanation, these narratives create conversion — turning statistics into story, metrics into meaning, and findings into direction that can be referenced, archived, and acted upon. Designed to endure.

Ideal for: impact reports, program summaries, grant narratives, annual reports, evaluation findings, and environments where written truth must remain defensible, enduring, and unforgettable.

These rates represent Scribe Diva Ink’s 2026 pricing.
Pricing adjusts annually as demand, portfolio visibility, and narrative reach expand.
Updated pricing will be published in 2027.

III. THE Scribe Diva Ink CREATION SEQUENCE

PHASE 1 — Invitation & Fit (15 minutes)

A complimentary alignment call determines whether the project meets the artistic and intellectual standards of Scribe Diva Ink.

PHASE 2 — The Creative Gate (Base Fee Paid)

\$900 Creative Base Fee — Opens the gate into your creative world and initiates the intake process. Work does not begin without this non-refundable fee.

PHASE 3 — Discovery Session (45 minutes per session)

Purpose:

- Extract tone, truth, audience, and narrative purpose
- Identify whether this is inspiration, leadership, or legacy work
- Ground emotional and intellectual parameters
- This session is recorded solely for reference and note-taking

If further clarification is required, additional discovery sessions may be scheduled at Scribe Diva Ink's discretion.

Deliverable: A Creative Direction Outline defining theme, tone, pace, and narrative anchor

PHASE 4 — Narrative Architecture

The structural design of the work. This includes sequencing, narrative flow, thematic placement, and voice calibration—ensuring the message is not merely written, but engineered.

PHASE 5 — Draft Production

Clients receive:

1. Draft 1 for resonance and directional alignment
2. One included refinement pass
3. Additional revisions beyond the included refinement pass are billed separately at the prevailing hourly or per-scope rate

You don't hire Scribe Diva Ink to write. You hire Scribe Diva Ink to clarify what language makes possible.

4. Tone integrity protection — safeguarding narrative voice from dilution by committee or contradiction

PHASE 6 — Progress Touchpoints

Short, intentional check-ins designed to prevent misalignment, narrative drift, or scope confusion.

PHASE 7 — Final Delivery Session (30–45 min)

The speech or narrative is presented, positioned for delivery, and finalized. Performance cadence and delivery guidance are included when applicable.

PHASE 8 — Feedback Session (30 min)

Required — because excellence deserves a witness, and so does impact.

IV. WHAT Scribe Diva Ink DOES NOT DO

- Ghostwrite books
- Write poems or scripts commissioned by others
- Enter creative partnerships or barter
- Discount creative genius for marketing or exposure
- Produce work without narrative authority
- Produce work directed by committee — feedback is welcome; artistic authority is not shared
- Provide graphic design or document layout services. Recommendations may be offered upon request.
