

2 Tree 9 Landscapes

Landscape design, build and outdoor living across
Southwest Florida.

We are not new to this. We are new to you.

WHO WE ARE

A landscaping company rooted in Southwest Florida

2 Tree 9 is a locally owned and operated landscaping company serving Naples, Marco Island, Fort Myers, Estero, Bonita Springs, Cape Coral and Ave Maria. We design, build and care for outdoor spaces for residential homeowners, luxury estates, commercial properties and HOA communities.

We are a local Naples team that works with you directly from the first consultation to the final plant. Because we design, install and grow, the vision you approve on paper is the garden you walk into. Nothing is handed off and nothing gets lost along the way.

We grow our own plants in a private nursery, so quality starts long before we ever arrive at your door.

OUR EDGE

A private nursery

WHAT WE DO

Full service landscaping, design to install to grow

Landscape Design

Custom plans shaped around your property, lifestyle and the way you live outdoors.

Landscape Installation

Expert planting and complete landscape builds, handled start to finish.

Landscape Maintenance

Pruning, plant health and seasonal care that keeps your landscape thriving.

Hardscaping and Paving

Patios, walkways and driveways built to last in the Florida climate.

Outdoor Living

Kitchens, fire features and gathering spaces made for warm evenings.

Landscape Lighting

Warm, layered lighting that brings the garden to life after dark.

Ponds and Water Features

Tranquil water elements designed and built by our own team.

Luxury Planters

Statement containers planted and styled to order for any setting.

WHY 2 TREE 9

Most landscapers buy their plants. **We grow ours.**

Our private, invitation only nursery is the difference you can see in every project. It lets us hand pick healthier, better established plants, control quality from the ground up and offer rare tropicals and specimen bromeliads that retail nurseries simply do not carry.

● **A private nursery**

Invitation only and grown by us. Quality begins long before installation day.

● **Florida-Friendly Landscaping™ certified**

Landscapes designed to thrive in our climate while protecting local waterways.

● **FNGLA member**

Held to the standards of the Florida Nursery, Growers and Landscape Association.

● **Tropical and bromeliad expertise**

Deep, cultivar level knowledge of the plants that make a SWFL garden sing.
