

SHUBHAM RAJ

Software Developer | Angular | .NET | REST APIs | Python

✉ shubhraj9523@gmail.com | 📞 +91 6201061598 | [linkedin/shubham-raj](https://www.linkedin.com/in/shubham-raj)

Application Developer with 3+ years of experience building enterprise and consumer applications using Angular, JavaScript, HTML/CSS, and REST APIs. Experienced in UI development and API integration. Previously worked at Genpact and co-founded a game studio, leading frontend development for the mobile game *Pen Fight* (9.2K+ downloads).

WORK EXPERIENCE

Co-Founder & Frontend Developer

Unkl Games | unkl.fun | Jun 2024 – Present

- Developed and published *Pen Fight*, a 2D multiplayer mobile game on the [Google Play Store](https://play.google.com/store/apps/details?id=com.unkl.fun) built with *Unity (C#)*, with 9.2K+ downloads.
- Designed UI/UX contributing to 723 monthly active users (MAU).
- Improved user experience through iterative updates.
- Created in-game graphics, including avatars and UI assets, using *Microsoft Designer, Canva*, and supported development with game blueprints, wireframes, and flow design.
- Collaborated with the backend developer to integrate frontend components with multiplayer game services.

Freelance Web Developer

TheMobileGyan | Remote | Aug 2023 – Jun 2024

- Developed 2 production-grade content websites — themobilegyan.com and whatslivetoday.com.
- Built 20+ content pages and implemented SEO best practices, achieving 1–2% organic CTR.
- Maintained a 75–80 average SEO score by optimizing page structure, metadata, and frontend performance.
- Integrated *Google Analytics* to track user behavior, page performance, and traffic trends.

Consultant – Application Development

Genpact | Hyderabad, India (Hybrid / Remote) | Jul 2022 – Jul 2023

- Developed responsive UI using *Angular, HTML, CSS, and JavaScript*, building reusable components and application layouts.
- Integrated frontend with 5+ RESTful APIs for user profile management, data updates, and retrieval.
- Built multi-file upload components with real-time preview and upload status tracking.
- Collaborated with backend teams working on *C#, ASP.NET MVC, and .NET APIs* to ensure smooth frontend–backend integration.
- Worked with *Entity Framework ORM* for data access and *OWIN* middleware for authentication.
- Managed frontend dependencies and build processes using *Node.js* and *NPM*.

Consultant Intern – Application Development

Genpact | Bangalore, India (Remote) | Jan 2022 – Jul 2022

- Contributed to enterprise applications using *C# and .NET Framework*, supporting backend modules and API integrations.
 - Implemented frontend UI modules using *HTML, CSS, and JavaScript*.
-
