

SHUBHAM RAJ

Application Developer | Angular + .NET | REST APIs | Web Applications

✉ shubhraj9523@gmail.com | 📞 +91 6201061598 | [linkedin/shubham-raj](https://www.linkedin.com/in/shubham-raj)

Application Developer with 3+ years of hands-on experience building enterprise and consumer-facing applications using **Angular, JavaScript, HTML, CSS, and REST APIs**. Experienced in UI development, API integration, and performance optimization. Previously worked at **Genpact** on software development projects and co-founded a game studio, leading frontend development for a mobile game **Pen Fight (9.2K+ downloads, 4.16 star rating)**.

WORK EXPERIENCE

Co-Founder & Frontend Developer

Unkl Games | unkl.fun | Jun 2024 – Present

- Developed and published **Pen Fight**, a **2D multiplayer mobile game** on the [Google Play Store](https://play.google.com/store/apps/details?id=com.unkl.fun) with **9.2K+ downloads**.
- Designed and implemented **UI/UX** contributing to **723 monthly active users (MAU)**.
- Improved user experience through iterative UI updates, supporting steady **audience growth**.
- Maintained strong user satisfaction with a **4.16 Google Play rating** and **5.0 daily average rating**.
- Created approximately **60% of in-game graphics**, including avatars and UI assets, using **Microsoft Designer, Canva**, and supported development with **game blueprints, wireframes, and flow design**.
- Collaborated with the backend developer to integrate frontend components with multiplayer game services.

Freelance Web Developer

TheMobileGyan | *Remote* | Aug 2023 – Jun 2024

- Designed and developed **2 production-grade content websites** – themobilegyan.com and whatslivetoday.com.
- Built **20+ content sections/pages** covering technology, games, APKs, features, and exam recruitment.
- Applied **SEO best practices** using **Google Search Console**, achieving an average **1–2% organic CTR**.
- Maintained a **75–80 average SEO score** by optimizing page structure, metadata, and frontend performance.
- Integrated **Google Analytics** to track user behavior, page performance, and traffic trends.

Frontend Developer (Consultant – Application Development)

Genpact | *Hyderabad, India (Hybrid / Remote)* | Jul 2022 – Jul 2023

- Developed the complete application UI using **HTML, CSS, and Angular**, implementing all frontend layouts and components from scratch.
- Integrated frontend with **5+ RESTful Web Services** to manage user profiles, data updates and retrieval.
- Built reusable components enabling **multi-file uploads** (images, PDFs, documents) with **real-time preview**, upload status feedback, and **fetch/update** workflows.
- Used **Node.js and NPM** for dependency management and frontend build processes.

Consultant Intern – Application Development

Genpact | *Remote (Bangalore, India)* | Jan 2022 – Jul 2022

- Contributed to enterprise applications using **C# and .NET Framework**, supporting backend modules and API integrations.
- Implemented frontend UI modules using **HTML, CSS, and JavaScript**.
