

# GIOVANNI BERTINI

ANIMATION SUPERVISOR | CREATIVE STRATEGIST | AI ARTIST

I am an Italian Senior 2D Animator and Supervisor. After starting my career in a mobile gaming startup, I moved to Belfast to work on TV animation series for major networks like Nickelodeon, CBBC, and Amazon. I later returned to Italy to work on a 2D feature film, and most recently served as an Animation Supervisor for Superprod Group in Milan. I have now decided to pivot my career path by joining the Miami Ad School in Berlin to move into advertising as a Strategist.
