Welcome

to the pilot issue of our digital magazine, where we pack our bags and leave our sanity behind! We promise not to bore you with dry historical facts; instead, we will reveal the exact cafes where you can sip the best espresso while panically searching for the nearest public restroom. We tested hostel beds, survived airplane food that defies the laws of physics, and got lost on three different continents, all so you don't have to. So get comfortable, mute your work notifications, and let us inspire your next expensive escape from reality. After all, life is too short to spend it scrolling through other people's flawless beach photos on Instagram—it is time to make your own blurry, authentic memories!

What you can (and can't) bring to the FIFA World Cup 2026

A collage of travel-related items including a camera, a map, a compass, a rock, and travel stamps.

With the FIFA World Cup 2026 finally kicking off in cities across North America, fans from all over the world are pouring into stadiums around the country with hopes of seeing their team win the ultimate prize. However, attending World Cup matches requires a bit of research: FIFA has strict policies on what you can and can't bring with you, including restrictions on water, food, bags and electronic devices. Below, I gathered everything you need to know about what to bring with you to the World Cup, including game day picks that fit the stadium standard.

Summer flight schedule 2026

A photograph showing several passengers sitting on airport-style chairs, waiting in a terminal. Some are looking at their phones, others are resting their heads.

The summer season at Dubrovnik Airport Ruđer Bošković traditionally brings the highest traffic volumes of the year, and the new summer timetable further expands the network of destinations and increases the number of operations. From late March to late October, passengers have access to an extensive schedule that enables easier travel planning and even better connectivity with Europe and the rest of the world.

DUBROVNIK

Discover a timeless jewel of the Adriatic where centuries-old stone walls meet the endless blue of the sea. Stroll down the sun-drenched historic Stradūn, feel the spirit of bygone eras, and lose yourself in the charm of hidden alleys within the heart of the Old Town. From magical sunsets atop ancient fortresses to exquisite Mediterranean flavors, this city offers a flawless blend of rich history and modern luxury. Dubrovnik is not just a destination you visit—it is pure inspiration that stays in your heart forever.

Roofs capping Dubrovnik's Old Town creates a breathtaking contrast against the deep blue of the Adriatic, telling a visual story of resilience and timeless Mediterranean charm.

Dubrovnik's historic fountains along the Stradun offer a blissful sanctuary for exhausted travelers.

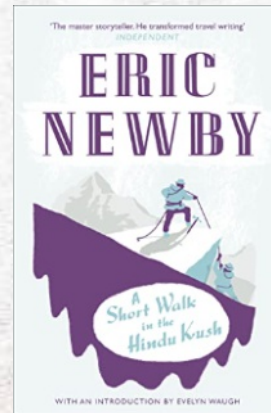

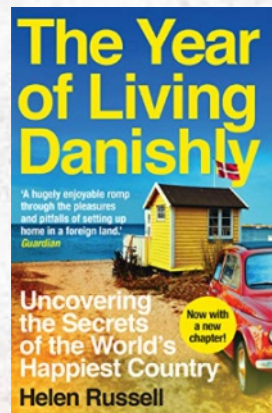

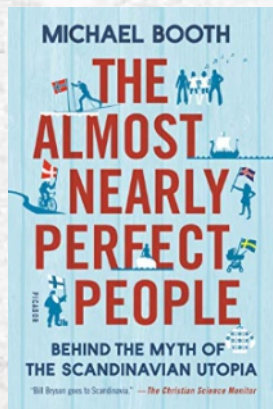

Rising proudly above the monumental stone walls that encircle the city, the majestic Minčeta Tower stands as the crowning jewel of Dubrovnik's defenses, offering breathtaking views over the shimmering Adriatic.

By day, Dubrovnik invites you to bask in the Mediterranean sun on the pristine shores of Banje Beach or sip refreshing drinks along the iconic Stradun, the vibrant main artery of the Old Town. As the afternoon cools, the city transitions into a culinary paradise, where charming seaside restaurants serve freshly caught seafood and exquisite local wines beneath historic stone arches. When twilight falls, the ancient streets ignite with energy, transforming into an open-air stage of lively bars, acoustic music, and unforgettable nightlife that echoes against the historic walls.

THREE TRAVEL BOOKS

The Almost Nearly Perfect People: Behind the Myth of the Scandinavian Utopia by Michael Booth

Is Scandinavia really the happiest place on earth? That's the question that journalist Michael Booth attempted to answer by traveling through the Nordic countries to investigate the truth of the Nordic model. He sweeps aside the misunderstood hygge craze that has swept the planet in recent years and speaks to locals to find out just how happy they really are. There's plenty of people-watching going on too, which any master of the art (including me!) will surely

A Short Walk in the Hindu Kush by Eric Newby

A Walk in the Hindu Kush, first published in 1958, is, in my opinion, one of the all-time classic travel books. What makes the book fascinating is that it tells the story of the on-foot trek the English author Eric Newby undertook through Afghanistan's Hindu Kush mountains in 1956.

The Year of Living Danishly: Uncovering the Secrets of the World's Happiest Country by Helen Russell

Journalist Helen Russell set herself a target: Discover the secrets of Denmark's purported happiness within one year.

Rather than hang around in the international hipster community of Copenhagen, she chose instead to move to rural Denmark.

She digs into Danish lifestyle in a much more intense way than many authors of similar books, taking up hobbies like cycling and choral singing to live a similar life to the subjects of her study as possible.

ZRAČNA LUKA
RUĐER BOŠKOVIĆ
AIRPORT

Paris, the timeless City of Light, invites you to step into a living canvas where world-class art, revolutionary history, and effortless elegance blend on every corner. Begin your journey by gazing at the iconic Eiffel Tower from the Trocadéro gardens, and then lose yourself in the cobblestone labyrinth of Montmartre, where artists still paint beneath the shadow of the Sacré-Cœur. Wander through the majestic halls of the Louvre or the Musée d'Orsay to witness humanity's greatest masterpieces before taking a leisurely stroll along the banks of the Seine. As the afternoon fades, immerse yourself in the local lifestyle by enjoying a crisp glass of wine and fresh pastries at a bustling sidewalk café in the historic Marais district. No trip is complete without shopping along the grand Champs-Élysées and marveling at the towering Arc de Triomphe, which stands proudly at its end. Finally, wind down your evening with a magical twilight cruise along the river, watching the city's monuments light up the night sky in a breathtaking display of romance.
