Our customers love us; here's why:

I am pleased to offer this letter of recommendation for SLS, a highly valued shipping partner for CET Color. Our company manufactures wide format UV printers, which are high-value, precision-engineered equipment that require exceptional care during transportation. Select Logistics has consistently exceeded our expectations in this regard.

Their team provides outstanding service marked by attentiveness, responsiveness, and professionalism. Whether we are coordinating a pickup, tracking a delivery, or making last-minute adjustments, they are readily available, often outside of standard business hours, to ensure our shipments are handled efficiently and delivered safely.

As our business continues to grow, we frequently have multiple shipments moving at once across the country. Select Logistic handles this growing complexity with ease, ensuring every shipment receives the same level of care and attention, no matter how busy things get.

What sets Select Logistic apart is their genuine investment in our business. They treat our freight with the same attention and urgency as we would ourselves. This commitment has fostered a great deal of trust between our teams and has made them an indispensable part of our operations.

Their pricing remains incredibly competitive, but it's their reliability, communication, and care that have earned our continued partnership.

I highly recommend SLS to any organization in need of dependable & professional shipping solutions.

Jacqueline & her team have been working with us for several years now. While their rates are not always the lowest, they are always competitive & SLS works hard to find unique shipping solutions that meet our needs. SLS ALWAYS exceeds my expectations for their level of customer service. I never have to worry where my loads are because they keep me updated, and whenever there is a question/issue, they respond quickly with an answer or solution. I hope you come to enjoy the highest level of service I have come to enjoy personally.

**Somos la primera
opción de
nuestros clientes,
aquí está el
porqué:**

Me complace ofrecer esta carta de recomendación para SLS, un socio de envíos altamente valorado para CET Color. Nuestra empresa fabrica impresoras UV de gran formato, que son equipos de alto valor e ingeniería de precisión que requieren un cuidado excepcional durante el transporte. Select Logistics ha superado consistentemente nuestras expectativas en este aspecto.

Su equipo proporciona un servicio excepcional caracterizado por la atención, la capacidad de respuesta y el profesionalismo. Ya sea que estemos coordinando una recogida, rastreando una entrega o realizando ajustes de última hora, Están disponibles fuera del horario laboral estándar, para asegurar que nuestros envíos se manejen de manera eficiente y se entreguen de forma segura.

A medida que nuestro negocio continúa creciendo, frecuentemente tenemos múltiples envíos a través del país.

Lo que distingue a Select Logistics es su genuina inversión en nuestro negocio. Tratan nuestra carga con la misma atención y urgencia que nosotros mismos. Este compromiso ha fomentado una gran confianza entre nuestros equipos y los ha convertido en una parte indispensable de nuestras operaciones.

Sus precios son increíblemente competitivos, pero su confiabilidad, comunicación y cuidado es lo que ha ganado nuestra continua asociación, pero es su confiabilidad, comunicación y cuidado lo que ha ganado nuestra asociación continua.

Recomiendo altamente SLS a cualquier organización que necesite soluciones de envíos confiables y profesionales.

Jacqueline y su equipo han estado trabajando con nosotros durante varios años. Aunque sus tarifas no siempre son las más bajas, siempre son competitivas y SLS siempre trabaja para encontrar soluciones de envío únicas para nuestras necesidades.

SLS SIEMPRE supera mis expectativas en cuanto a su nivel de servicio al cliente. Nunca tengo que preocuparme por dónde están mis cargas porque me mantienen actualizado, y siempre que hay una pregunta o problema, responden rápidamente con una respuesta o solución.

Espero que lleguen a disfrutar del más alto nivel de servicio como yo lo he hecho.
