# *General Manager Message*

“

It is with great pride that I welcome you to Gulf Expertise (GE). Since our establishment in 2010 in Al-Khobar, our journey has been defined by one unwavering commitment: to serve as the region’s most trusted technical and commercial partner.

Gulf Expertise was founded on the belief that true value comes from deep competence, close collaboration, and a strong professional ethos. Our exceptional team of highly experienced specialists forms the backbone of this organization, enabling us to consistently minimize project costs, ensure timely completion, and meet the highest international standards of Quality and HSE. We view the growth of the Gulf region not only as an opportunity, but as a responsibility—one that we fulfill with excellence and integrity.

In a rapidly evolving industry, Gulf Expertise is dedicated not only to keeping pace, but to setting the benchmark. We invest in modern methodologies and cutting-edge equipment to ensure that every project we execute is compliant, efficient, and technologically advanced. This commitment to modernization empowers us to tackle the most complex challenges across industrial, mechanical, civil, and structural domains, while delivering scalable and sustainable solutions that contribute directly to the region’s economic vitality.

We look forward to partnering with you and demonstrating the dedication and proficiency that define Gulf Expertise. Our promise remains unchanged: integrity, superior quality, and dedicated service—around the clock.

**Shaik Chand**  
*General Manager*

”

*About  
Company*

**Gulf Expertise (GE)** is a dynamic and rapidly growing general contracting and professional services firm founded in Al-Khobar in 2010. Operating as a sole proprietorship, our primary vision is to offer extended close co-operation, providing unparalleled technical and commercial support to our diverse clientele.

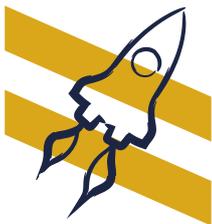

Backed by a team of highly experienced and competent personnel, GE has achieved significant organizational growth in a short period. Our success is built on a foundation of efficient service delivery and a focus on core metrics: minimizing project costs, ensuring stipulated time completion, and strict compliance with Quality and HSE standards.

Our comprehensive service portfolio makes us a prime contractor capable of safely executing complex industrial, electrical, mechanical, civil, and structural projects. Our commitment to 24-hour dedicated services and innovative, state-of-the-art approach has allowed us to set high industry standards for responsiveness, craftsmanship, and performance.

## ***Vision***

To be the most trusted, efficient, and comprehensive contracting and professional support services provider, setting the benchmark for performance and client satisfaction across the Gulf region.

## ***Mission***

To consistently deliver superior quality, timely, and cost-effective technical and commercial solutions across the industrial, construction, and trading sectors, always prioritizing the well-being of our people and the protection of the environment.

## ***Core Values***

**Competence:** Utilizing highly skilled personnel to deliver expert solutions.

**Integrity:** Maintaining transparency and honesty in all business dealings.

**Client Focus:** Assuring full client satisfaction through professional and dedicated service.

**Quality Workmanship:** Committing to the highest standards of execution and materials.

**Safety First:** Upholding stringent Health, Safety, and Environment (HSE) policies.

*Quality*  
*Health*  
*Safety*  
*Environment*

## *Quality Policy*

Gulf Expertise is committed to delivering services and products that meet or exceed our clients' expectations and all applicable regulatory requirements. Our Quality Policy is built upon the following commitments:

**Superior Workmanship:** Ensuring the execution of all projects with exceptional craftsmanship and attention to detail.

**Compliance:** Adhering strictly to national and international standards, specifications, and project requirements.

**Process Excellence:** Implementing robust quality management systems and continuously improving our processes to enhance efficiency and effectiveness.

**Team Competency:** Providing the necessary training, resources, and leadership to maintain a highly competent and quality-conscious workforce.

**Client Satisfaction:** Actively seeking and acting upon client feedback to ensure that our professional solutions fully satisfy their needs.

## *HSE Policy*

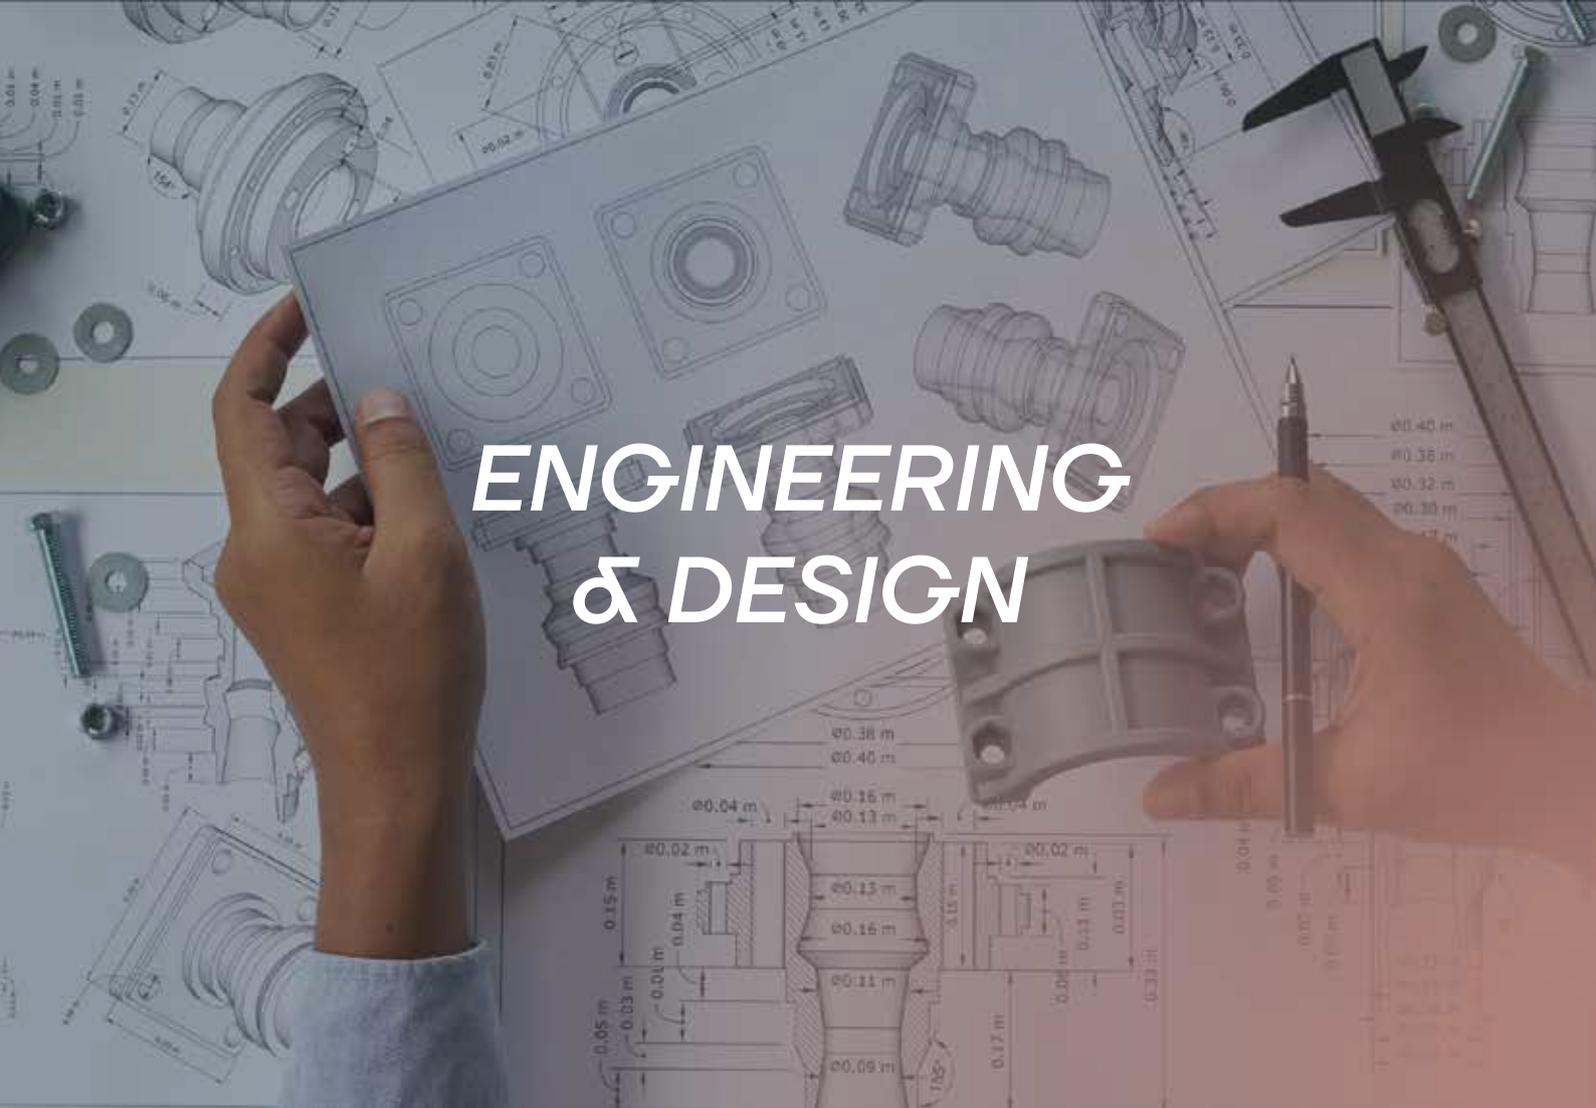

The protection of our personnel, assets, and the environment is paramount and a non-negotiable core value at Gulf Expertise. Our HSE Policy dictates:

**Zero Harm Culture:** Committing to the goal of Zero Harm to people and property through proactive risk management and continuous hazard identification.

**Regulatory Compliance:** Strictly adhering to all applicable local, national, and international HSE laws, regulations, and industry codes of practice.

**Safe Work Environment:** Providing a healthy and safe work environment, including appropriate tools, equipment, and personal protective equipment (PPE).

**Training and Awareness:** Ensuring all personnel are fully trained and aware of their HSE responsibilities and possess the skills necessary to perform their jobs safely and effectively.

# ENGINEERING & DESIGN

# EPC & CONSTRUCTION PROJECTS

We provide specialized and general consultancy services, offering robust engineering and design capabilities from project conception.

**Sector Expertise:**

Specializing in Upstream and Downstream Oil and Gas projects, Power Plants, Substations, and Transmission Lines.

**Deliverables:**

Conceptual design, feasibility studies, detailed engineering packages, and technical specifications.

We offer full Engineering, Procurement, and Construction (EPC) services, handling projects from initial design through to final handover. Our construction scope includes:

**Industrial:**

Execution of Plants & Industrial Works, Pipelines, and Steel Structures.

**Infrastructure:**

Construction of Roads, Highways, Culverts, and Bridges.

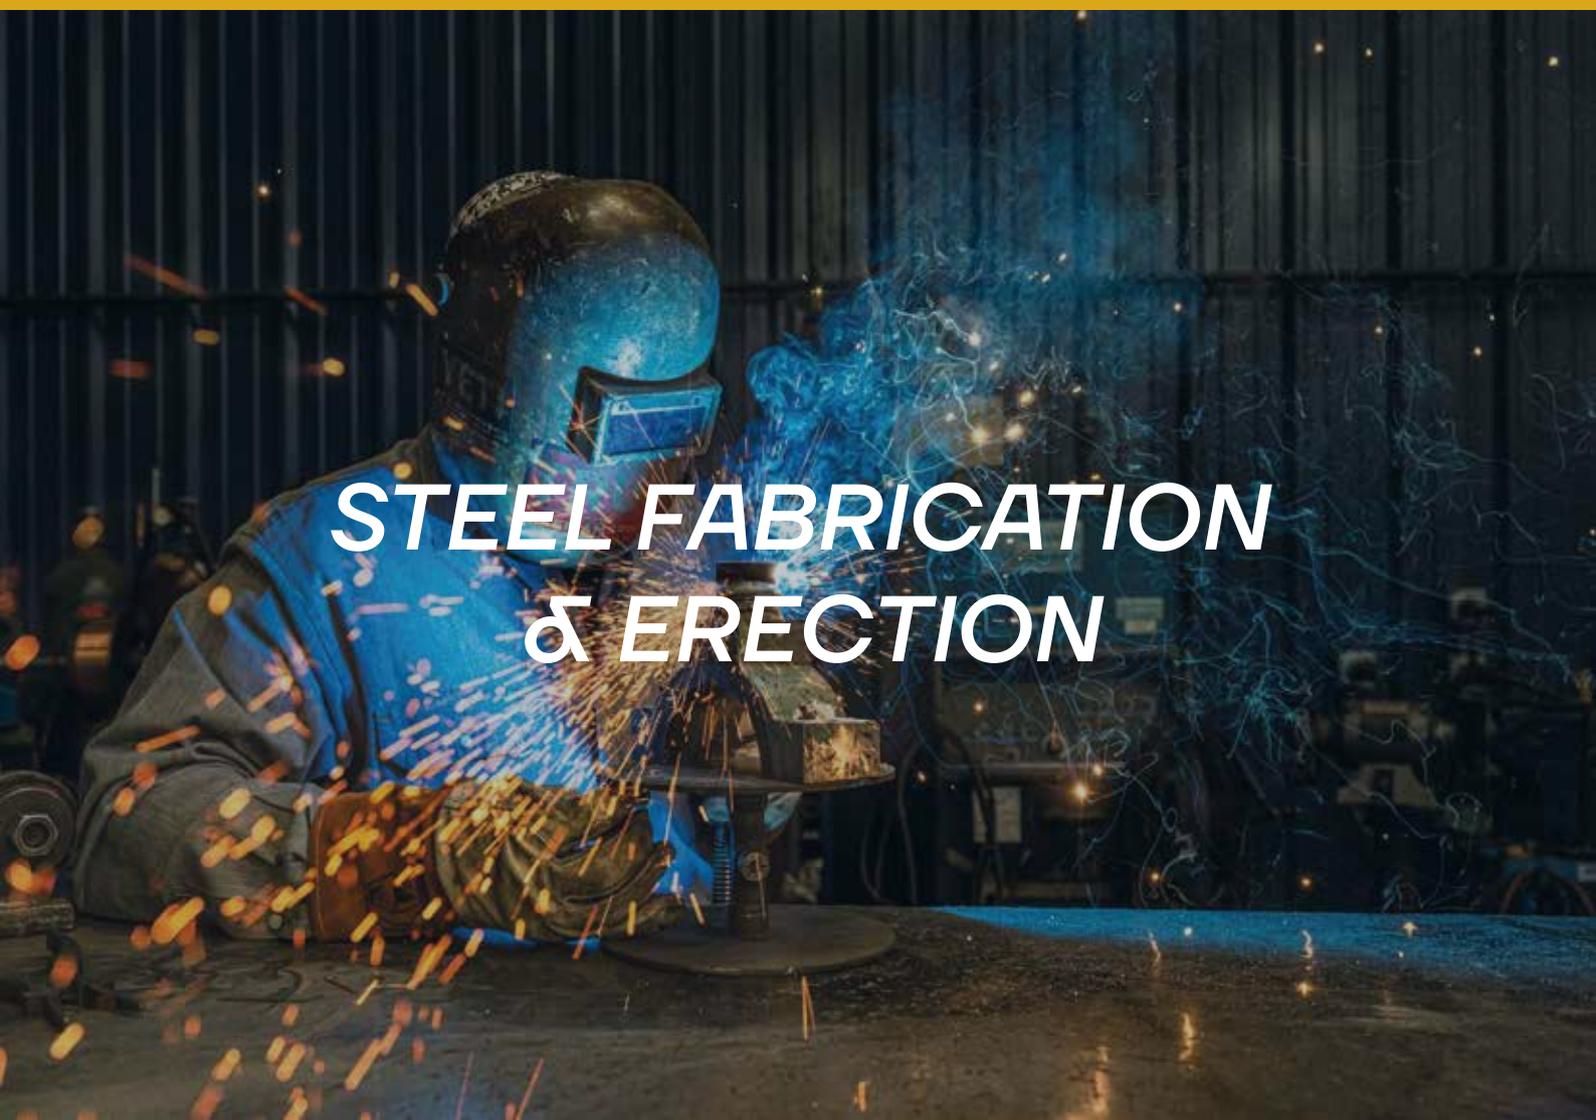

**Civil Works:**

Civil Construction for Villas, Buildings, Power Substation Buildings, and Telecom Tower Erection.

***PLANT  
SERVICES***

***STEEL FABRICATION  
& ERECTION***

Specialized services dedicated to maintaining, shutting down, and upgrading existing operational facilities to maximize efficiency and safety.

**Shutdown Execution:**

Comprehensive planning and execution of full plant shutdowns and turnarounds.

**Technical Upgrades:**

Execution of technical up-gradation and modifications within existing facilities.

**Component Overhaul:**

Precision services including Valves Overhauling.

Complete end-to-end solutions for all structural and piping requirements, utilizing our dedicated workshops and on-site capabilities.

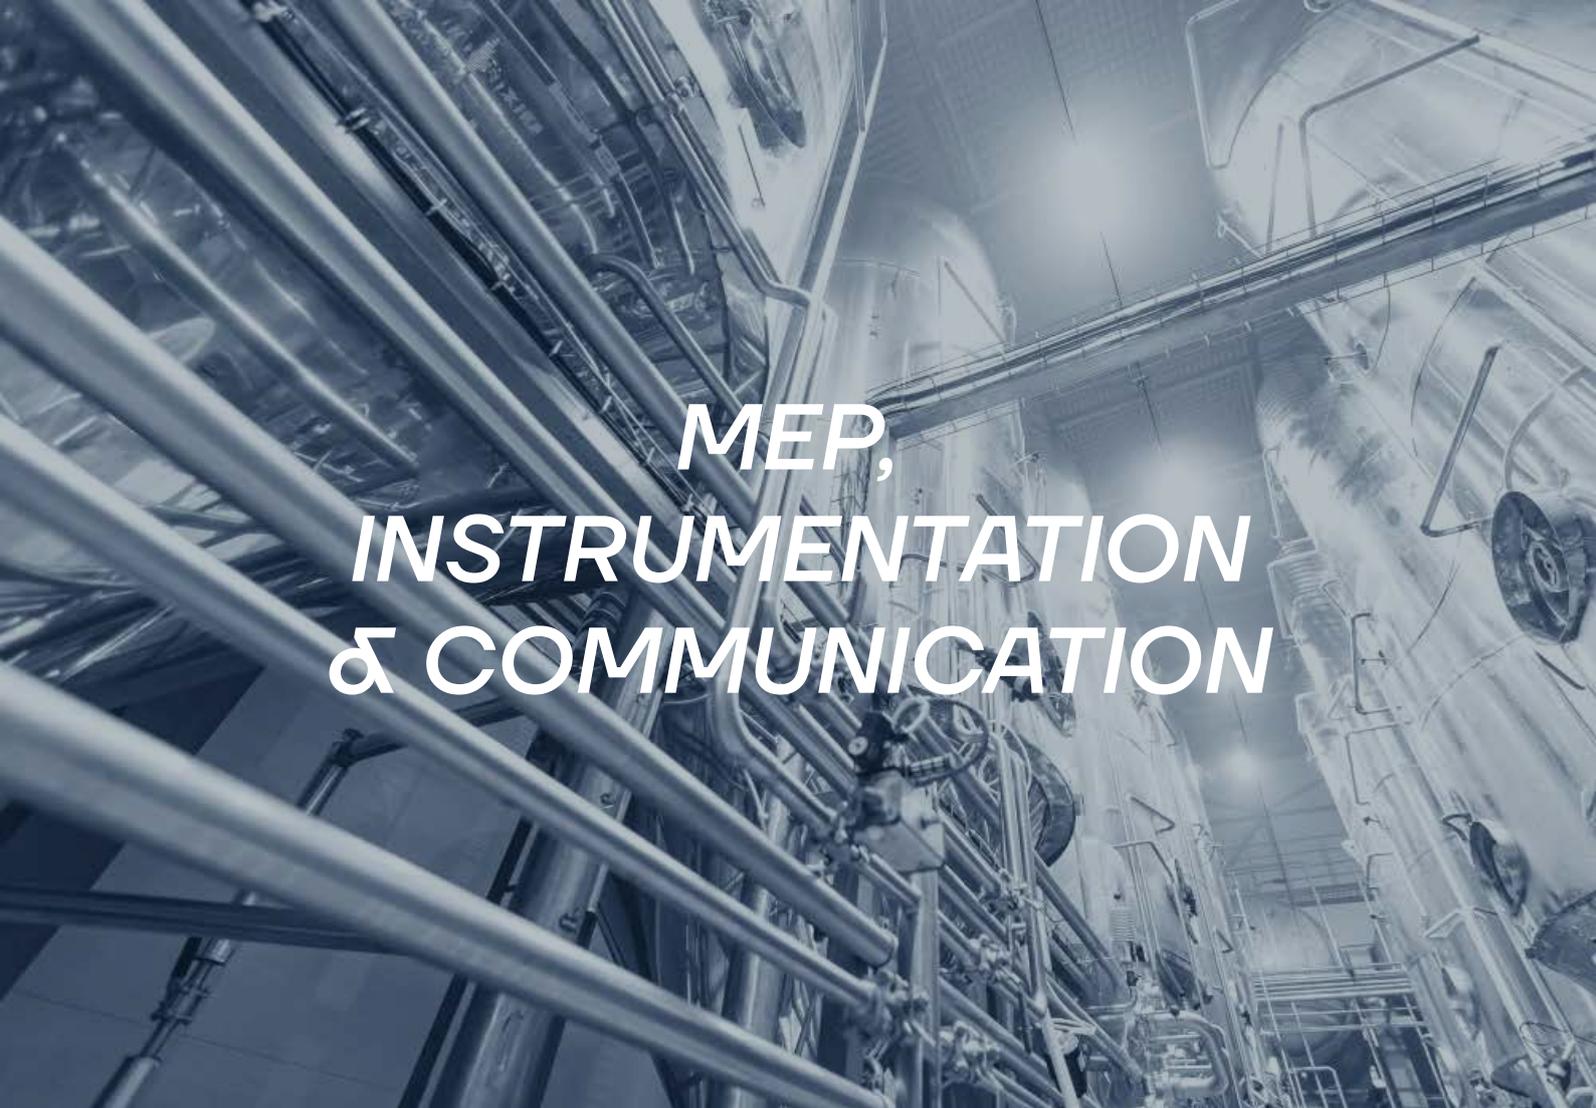

**Fabrication:**

Industrial Pipelines, Piping Spools, Steel Buildings, Steel Sheds, Warehouses, Equipment Platforms, Supports, and Hangers.

**Industrial Coating:**

High-quality Sandblasting and Painting, Scaffolding, and Insulation works.

*MEP,  
INSTRUMENTATION  
& COMMUNICATION*

*GENERAL  
MAINTENANCE  
& UPGRADATION*

Integrated services covering the critical mechanical, electrical, and control components of any facility (MEP & IC).

**MEP Services:**

HVAC installation, complex process piping, and plumbing works.

**Electrical & IC:**

Cable excavation (in hard rocks & soft soils), cable laying, equipment supports & foundations, equipment installations, termination works, and full Testing & Commissioning.

General services to ensure the longevity and peak performance of fixed assets and facilities.

**Facility Maintenance:**

Comprehensive general maintenance and up-gradation of existing industrial plants, roads, buildings, villas, warehouses, and steel sheds.

**Mechanical Precision:**

Specialized high-precision bolting and unbolting services using hydraulic torque wrenches and machines.

*Manpower  
Supply*

Gulf Expertise's Manpower Supply division is dedicated to providing high-value human resources (HR) to meet the rigorous demands of large-scale industrial and construction projects. We ensure the mobilization of certified and approved personnel, including crucial specialized roles such as QC Engineers, Site Engineers, Site Foremen, certified operators, and essential safety and compliance staff like approved permit receivers, first aiders, fire fighters, and safety officers, guaranteeing competency and regulatory adherence across every project.
