The Exposure Gap

THE CHALLENGE WE ADDRESS

INTERNATIONAL STUDENT
WEEK IN INDIA

ISWII
GLOBAL

Students in Tier 2 and Tier 3 cities are ambitious and capable, yet often face:

Limited exposure to modern-age and interdisciplinary careers

- Lack of structured career mentorship
- Minimal guidance on profile building beyond academics
- Low awareness of scholarships, global opportunities, and right-fit universities

At **ISWII Global**, we believe that **geography must not define destiny.**

Our mission is to bring **world-class career education, mentorship, and exposure** to schools in emerging cities — **affordably and sustainably.**

OUR PROPOSAL TO YOUR SCHOOL

Career Access Program (CAP)

CAP is a long-term transformation model, not a short-term activity-based solution.

WE PROPOSE TO SET UP AND OPERATE A CAREER RESOURCE CENTRE WITHIN YOUR SCHOOL THROUGH OUR FLAGSHIP CAREER ACCESS PROGRAM (CAP)

What Is the Career Access Program (CAP)?

CAP is a year-long, structured career development ecosystem that supports:

- Students (Classes 9–12)
- Parents
- Teachers & School Leadership

Through workshops, career labs, expert mentorship, and personalized support, delivered on campus and outside examination periods.

Long-Term Transformation vs Short-Term Fillers

CAP focuses on:

- ✓ Sustained mentorship
- ✓ Structured growth
- ✓ Real-world exposure
- ✓ Community of students creating impact

—not one-time talks or generic sessions.

1. CAREER LAB & INTERACTIVE CAREER TOOLS

We help schools establish a Career Lab with access to:

- Psychometric assessments
 - Stream selection (Class 9-10)
 - Subject & specialization clarity (Class 11-12)
- Interest-based pathway builders
- Career mapping based on student profile, aptitude, and goals
 - Curated global career videos and interactive resources

Students learn how to choose:

- ✓ Right streams & specializations
- ✓ Major-Minor combinations
- ✓ Courses aligned with career interests and profile strengths

2. MONTHLY CAREER WORKSHOPS (OUTSIDE EXAMINATION PERIODS)

- ✓ One high-impact workshop per month
- ✓ Conducted outside examination timelines
- ✓ Stream-specific and age-appropriate

Workshop Focus Areas

- Modern-age careers & future skills
- Interdisciplinary career pathways
- Engineering, Science, Commerce, Humanities, Design, Law & Management careers
- Career options in India & abroad
- Entrepreneurship as a career pathway

INTERNATIONAL STUDENT WEEK IN INDIA

ISWI Global is an **annual, fully sponsored academic festival** for school students (Classes 9–12).

Students are selected through a **competitive application and interview process** and participate in **theme-based workshops**, expert mentoring, project development, and global peer interaction.

The program is hosted in **Govardhan**, providing a unique setting that combines **learning, culture, sustainability, and values-based living**.

FESTIVAL PROGRAM STRUCTURE

- **8–10 curated workshops**
- **10–12 students per workshop**
- **One domain expert mentor per workshop**
- Supervision by senior mentors and an academic coordination team
- **3–5 days of immersive engagement**

ACADEMIC WORKSHOP THEMES (INDICATIVE)

Workshops are curated annually based on relevance and future skills, such as:

- Ocean Waste & Sustainability
- Artificial Intelligence & Future Technologies
- Digital Transformation & Cyber Awareness
- Business Management & Entrepreneurship
- Non-Profit Models & Social Impact Execution
- Defense, Strategy & Global Affairs
- Sustainable Living & Climate Action

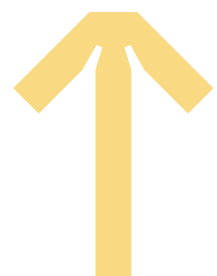

Students must **select their preferred workshop in advance** and clearly explain their motivation and interest during the application process.

SELECTION PROCESS

1. Online application
2. Workshop preference & motivation statement
3. Interview with the selection panel
4. Final shortlisting

Due to limited seats, selection is **highly competitive**.
