COMPANY PROFILE

ABOUT US

PT Rink Technology Solutions is an integrated technology and industrial infrastructure company providing solutions in automation, industrial networking, structured cabling, power systems, and enterprise IT infrastructure.

We combine globally recognized technologies with engineering expertise to design, integrate, and deploy reliable systems that support modern industrial and digital environments.

Supported by leading global principals such as **Panduit, CommScope, Weidmuller, Belden, Advantech, Beckhoff, LS Electric,** and **Asus,** we deliver solutions that meet international standards of performance, reliability, and scalability.

At **RINK**, we go beyond product supply we deliver integrated technology solutions that enable businesses to operate efficiently, securely, and sustainably in an increasingly connected world.

OUR VISION & MISSION
