OUR STORY

Journey begins with a late-night call between old friends—dreams shared, frustrations vented, ideas sparked to shoot our rockets in right direction away from corporate life. We raced to Bihar's Makhana fields, sleeping in the car, embracing every challenge with raw curiosity.

From those gritty roots, Vaayu International was born in 2025 exporting premium fox nuts (Makhana), Bihar's nutrient-rich superfood. We bridge farms to global markets with compliance and unwavering transparency.

Today, our fearless energy crafts what buyers crave— plain makhana, custom flavours, HoReCa bulk, white-label partnerships. Beyond orders, we build lasting growth together.
