

THE VAMPXDRAIN

(\$VXD)

MANIFESTO

Siphoning the Chaos. Feeding the Coven.

1. The Vision

The crypto market is a cycle of blood and volatility. Most retail investors are drained by the "whales" and the "noise." **VampXDrain (\$VXD)** flips the script. We have built a protocol on the Solana network designed to siphon market volatility and convert it into the most stable asset in the digital finance space: **XRP**.

2. The Siphon (Tokenomics)

\$VXD is the lifeblood of our ecosystem. Every transaction within the network fuels the rewards pool.

- **Total Supply:** [6,000,000,000] \$VXD.
- **The Siphon Tax (5%):** Every Buy/Sell/Transfer triggers a 5% tax.
 - **3% Redistribution:** Automatically converted into Wrapped XRP (wXRP) and sent to the Staking Pool.
 - **1% Liquidity:** Auto-injected into the \$VXD/\$SOL pool to ensure a rising price floor.
 - **1% Marketing:** To fund the expansion of the Coven.

3. The Altar (Staking Mechanism)

Staking is the "Ritual." By locking \$VXD tokens in **The Altar**, holders (The Coven) gain access to the siphoned rewards.

- **No Lock-up Period:** Flexibility for the nocturnal trader.
- **Real-Time Accumulation:** Watch your XRP rewards grow as market volume increases.
- **Institutional Stability:** While \$VXD grows with the Solana ecosystem, your rewards are paid in XRP—the global standard for institutional settlement.

4. Roadmap (The Awakening)

- **Phase 1 (The Summoning):** Website launch, Community building (X, TikTok, Telegram), \$VXD Smart Contract deployment on Solana.
- **Phase 2 (The First Feed):** Official token launch, Liquidity lock, Dexscreener/Birdeye trending.
- **Phase 3 (The Ritual):** The Altar (Staking) goes live. First major XRP "Transfusion" to holders.
- **Phase 4 (The Eternal Night):** CEX listings, cross-chain expansion, and governing the drain.

5. Safety & Security

- **Liquidity:** Locked permanently.
- **Transparency:** All rewards are verifiable on the Solana blockchain.
- **Community Driven:** \$VXD is owned by the Coven. No hidden agendas. No rug pulls.
