

Graphic Designer

UX/UI Designer - Web Integrator

Naoki KERAMIDAS

Bachelor EEMI Paris - 2026 European School of Internet Professions

Profile ↗

Product Designer & Web Integrator specializing in user-centered interface creation. With three years of apprenticeship experience (Zee Agency, CCI France), I have a solid command of the full digital production cycle — from UX research to technical integration. Passionate about Design Systems and data-driven design, I translate business needs into seamless, efficient, and visually refined experiences, with a particular interest in B2B and industrial sectors.

Scientific Baccalaureate / ISN
Ateliers Terre & Feu
> Perspective & Landscape

Experiences

Zee Agency - 2025 / 1 year

Apprentice Graphic Designer / UX & UI Designer

Complex Design & Systems

Designed and updated the Design System using the NuxtUIProV3 UI Kit ; standardized SVG components for the Group's website.

B2B & Industrial Projects

Created wireframes and high-fidelity mockups for Tivoly (industrial cutting tools : drills, end mills, taps) and Peugeot Professional Tools (+70 desktop/ mobile pages) ; structured web platforms for Framatome and Celliance.

Agility & Collaboration

Daily collaboration within multidisciplinary teams (Art Directors, Developers, Project Managers) for major clients in the dermo-cosmetics and consumer goods sectors (Weleda, SVR).

CCI FRANCE - 2023 / 2 years

Apprentice Graphic Designer / Webmaster

UI & User Experience

Designed and integrated the new "Human Resources" section on cci.fr, improving information accessibility and overall user navigation.

Strategy & Data

Launched and managed the Instagram presence; built a KPI tracking dashboard (acquisition, conversion rate) to support data-driven decision-making for the Executive Board.

Project Management

Produced digital assets for the national graphic platform and created communication materials for the Grande Consultation des Entrepreneurs.
