About Us

Eliaanak Care is a compassionate opioid treatment and recovery center dedicated to helping individuals overcome substance use disorders through evidence-based care. Our program combines Medication-Assisted Treatment (MAT), counseling, and recovery support services to help patients achieve long-term stability and wellness.

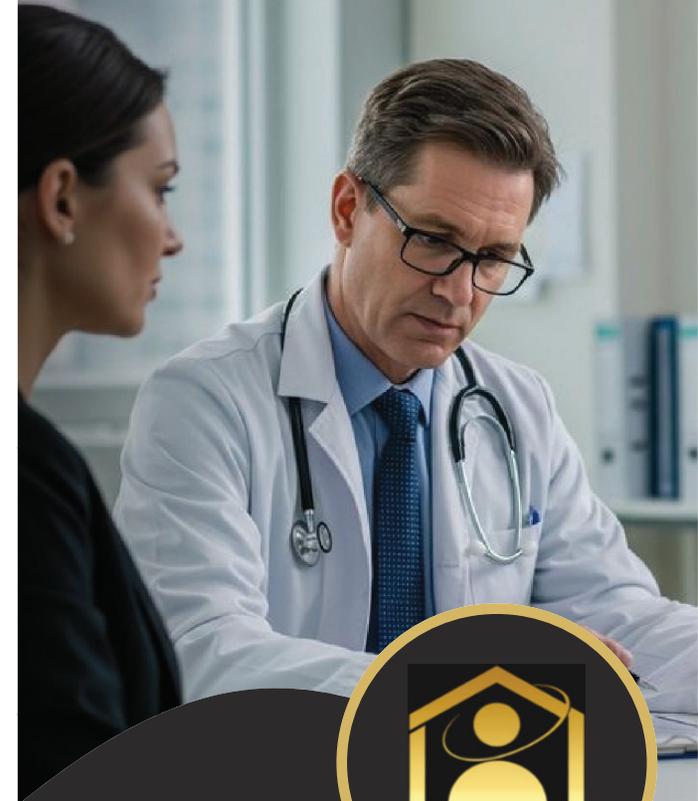

At Elianak Care, we provide treatment in a respectful, supportive environment where every individual is valued and empowered to rebuild their life.

Eliaanak Care – Where Every Life Is Worth Renewing.

Our Mission

Our mission at Elianak Care is to restore hope and transform lives by providing compassionate, evidence-based treatment for individuals struggling with opioid dependence and substance use disorders. Through Medication-Assisted Treatment, counseling, and comprehensive recovery support, we empower individuals to achieve lasting recovery, rebuild their lives, and strengthen healthier communities.

Eliaanak Care – Where Every Life Is Worth Renewing.

Eliaanak Care

Where every life is worth renewing...

Resolving drugs and alcohol addiction.

We passionately assist our clients in resolving drugs and alcohol addiction, by way of guiding patients in obtaining sobriety, and living productive lives in their communities.

Comprehensive Treatment for Addiction, DUI

Driving Under the Influence (DUI) Treatment, Evaluation & Risk Education:

Elianak Care provides professional DUI evaluations, treatment programs, and risk education services designed to help individuals understand the impact of substance use on driving safety and personal responsibility. Our program focuses on education, behavioral change, and recovery support to help participants make safer decisions and prevent future offenses while promoting long-term health and accountability.
