**A True Story of
“Turning My Pain into Purpose”**

**A Venture with ignited mission
to ease the suffering of millions**

**A Transformative Journey of
Patented Ai Musical healing**

On a routine Tue morning of May 2023, I woke up with a numb right hand.

I thought it was a muscle catch.

At the hospital it was declared as a “Paralytic Stroke”

With 2 dysfunctional legs, now I had to deal with a paralyzed right hand

Inspired by my true story

The Trigger for Hygriva

It all started, when I noticed the pain of a mother

It occurred on the flight when I saw a frantic mother attempting to calm her restless autistic son.

At that moment, I was composing a song with my musical setup.

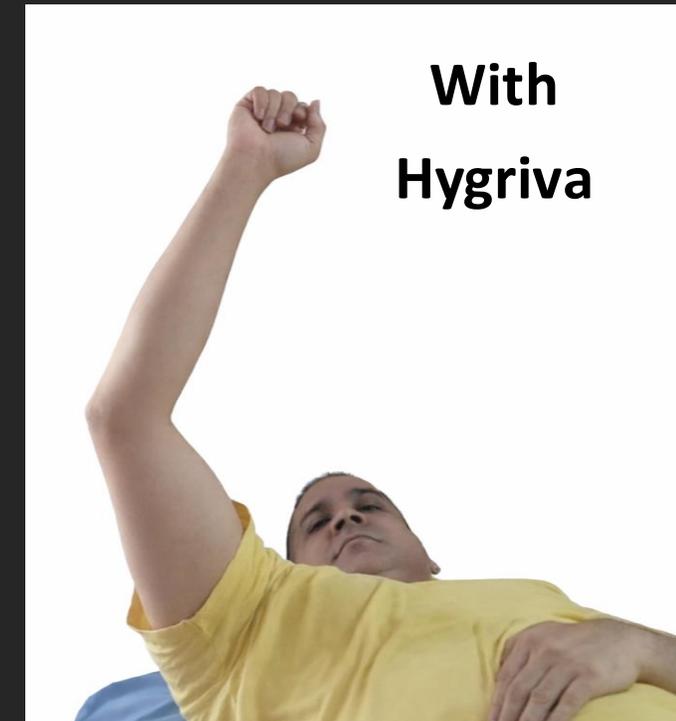

The child heard the music and calmed down !

This was the Eureka moment for the genesis of Hygriva !!

During my Paralytic Stroke Rehab, Hygriva helped to regain my hand control

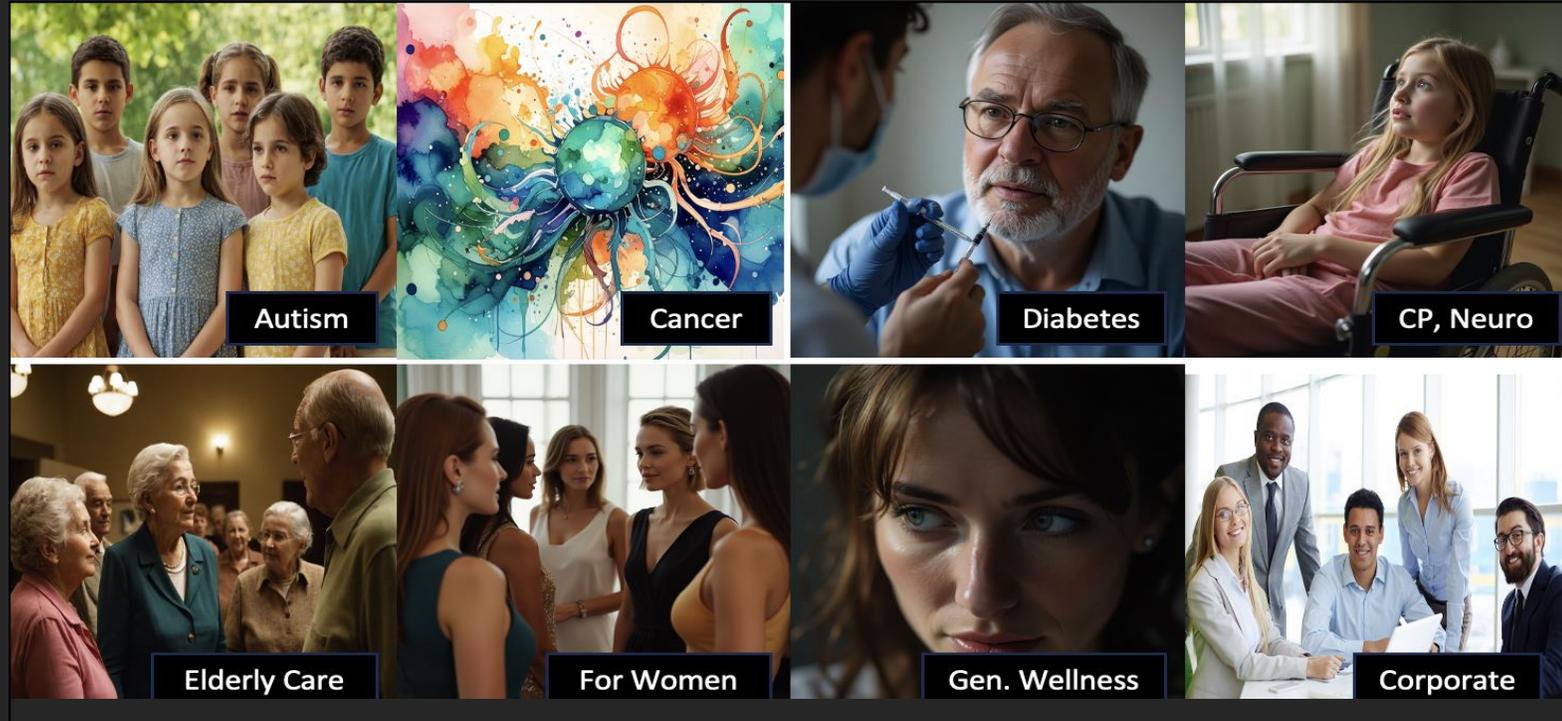

“Hygriva – Hybrid Generative Ai, frequency sensitive, Synchronized rendition of Variational Audio Elements”

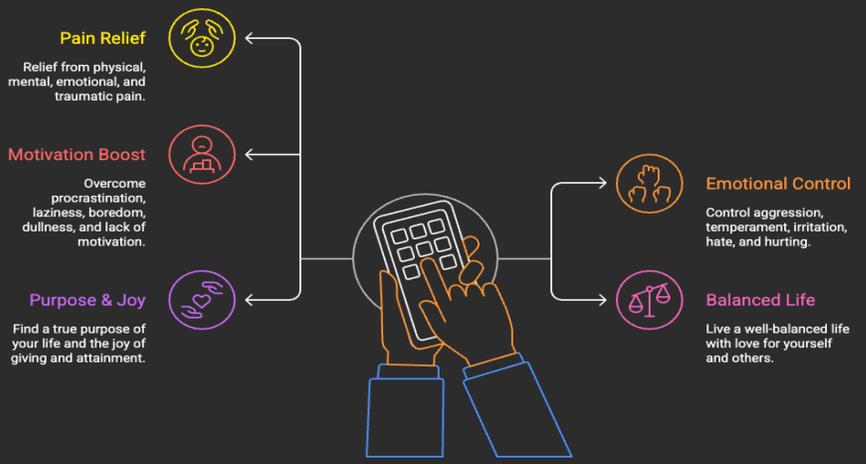

Hygriva helps to gain Relief from Autism, Pain, Cancer, Diabetes, Infertility, Trauma, Work Pressure ...

All you need to do is “Listen to your favorite songs customized by Hygriva to get healed”

Hygriva’s Focus areas
