Key summary

The official Invest Sudbury page currently shows 244 unique designated employers across the two community immigration pilots. After consolidation, 192 appear under RCIP only, 10 under FCIP only, and 42 are designated under both programs. On the uploaded active-hiring file, there are 112 de-duplicated postings from 21 employers once repeated CIP/RCIP copies are merged.

Source note: official employer designations were compiled from the Invest Sudbury RCIP/FCIP designated employers page. The active-hiring snapshot comes from the uploaded file 'greater sudbury.csv'. The PDF keeps the employer names substantially as shown on the official page, including some spelling/capitalization variations present on that page.
