

FCOJ – Frozen Concentrated Orange Juice

Brazilian Supply Overview
for International Markets

What is FCOJ?

FCOJ stands for Frozen Concentrated Orange Juice – a concentrated orange juice produced by removing part of the water content from fresh orange juice through evaporation.

It is one of the most internationally traded orange juice formats due to:

Longer shelf life

Easier logistics

Lower transportation costs

Stable industrial standardization

Brazil is the **global leader** in orange juice production and export.

Brazil's Global Relevance

8 out of every **10** glasses

of orange juice consumed worldwide contain **Brazilian oranges.**

Brazil is recognized internationally for:

Large-scale production capacity

Year-round supply

Export infrastructure

High-quality citrus production

Product Presented by CitroSul

FCOJ – Frozen Concentrated Orange Juice

Produced by CitroSul, Brazil.

Main characteristics

- ✓ 100% natural orange juice
- ✓ No added sugar
- ✓ No preservatives
- ✓ No artificial coloring
- ✓ Standardized quality
- ✓ Export-oriented production

Processed under controlled industrial conditions to ensure:

- ✓ Consistency
- ✓ Traceability
- ✓ Food safety
- ✓ International quality standards

| Main Advantages of FCOJ

Logistics Efficiency

Because the juice is concentrated:

- ✓ transportation becomes more efficient
- ✓ storage costs are reduced
- ✓ export viability improves significantly

Longer Shelf Life

Frozen concentration allows:

- ✓ extended preservation
- ✓ product stability during international transport
- ✓ reduced waste

Industrial Application

Widely used for:

- ✓ beverage industries
- ✓ juice bottling companies
- ✓ food processing
- ✓ reconstitution into ready-to-drink juice

| Packaging & Export Structure

Possible formats may include:

Drums

Aseptic systems

Industrial containers

Bulk export operations

Export logistics can be structured according to buyer requirements.

| Why Brazil?

Brazil combines:

- ☀️ Climate advantages
- 🍊 Large citrus production
- 🏭 Export expertise
- 📈 Competitive scalability
- 🏆 Established global reputation in orange juice

About CitroSul

CitroSul

Brazilian company specialized in orange juice production and export operations.

Focus:

- ✓ quality control
- ✓ industrial efficiency
- ✓ international supply capability
- ✓ long-term commercial relationships

Objective of This Introduction

This presentation is intended as an initial commercial introduction to:

- ✓ understand market familiarity with FCOJ
- ✓ evaluate potential interest in Brazilian supply
- ✓ open discussions regarding future opportunities and demand
