

# **24x7 Retail Solutions Australia Pty Ltd**

*Intelligent Business Platforms. Built on Proven Commerce Expertise.*

**“Great software  
doesn’t belong to an  
industry — it belongs  
to a problem.”**

*– Anonymous*

24x7 Retail Solutions Australia is an **enterprise software company** focused on delivering **intelligent business platforms** for **transaction-driven organisations**.

We **design and implement scalable systems** that bring together **transactions, inventory, operations, and data** into a **unified platform**, enabling organisations to operate with greater **clarity, speed, and control**.

Backed by a **proven global software foundation** and delivered with **local Australian accountability**, our solutions are built to support organisations as they **grow, adapt, and navigate increasing operational complexity**.

While our roots are in retail, our technology is built to **extend far beyond it**.

# “Retail taught us scale. Complexity taught us design.”

Retail environments are among the most operationally demanding in any industry. High volumes, real-time decisions, compliance, margins, and customer experience must all work together.

By solving these challenges at scale, we have built platforms capable of supporting:

- Multi-location businesses
- Distribution and wholesale operations
- Inventory-intensive organisations
- Omni-channel and digital commerce models
- Hybrid service + product businesses

Global software platform →

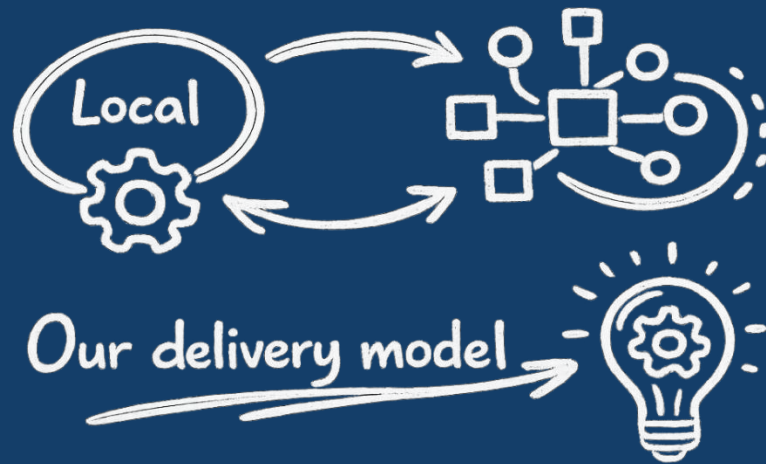

# “New in Australia. Built on years of real-world deployments.”

24x7 Retail Solutions Australia is powered by **24x7 Retail Software Solutions (Pvt) Ltd**, a global enterprise software developer with deep experience in **commerce platforms, ERP systems, and operational technology**.

This platform lineage is further strengthened by **myPOS Software Solutions**, a market leader with over **17 years of domain expertise** in transaction processing and business systems.

The result is a platform that is:

- Mature, stable, and enterprise-ready
- Continuously evolving through global R&D
- Proven in high-volume, mission-critical environments

## “Local accountability. Global engineering.”

- Australian-based consulting, implementation, and support
- Global engineering teams for development, customisation, and advanced support
- A delivery approach that balances **cost efficiency, reliability, and long-term scalability**

**“Any sufficiently  
advanced technology  
is indistinguishable  
from magic.”**

— Arthur C. Clarke

## Business & Commerce Platforms

Our modular software suite supports:

- Point-of-Sale (POS) & Transaction Systems
- Centralised Business ERP
- Inventory & Supply Chain Management
- Procurement & Vendor Management
- Promotions, Loyalty & Customer Engagement
- Reporting, Analytics & MIS Dashboards
- API-first integrations and custom extensions

Industries we serve today  
(and growing)

# “Wherever transactions meet operations.”

- Retail & Multi-Store Commerce
- Wholesale & Distribution
- Pharmacy & Healthcare Operations
- FMCG & Supply Networks
- Lifestyle, Specialty & Service Businesses

## Technology Philosophy

**“Modern, open, scalable.”**

- Microsoft .NET Core backend
- React & Flutter frontends
- Microsoft SQL Server
- Cloud-ready (AWS & private cloud)
- Offline-first capabilities
- API-driven integration layer

Built to integrate, extend, and evolve — not to lock you in.

- Proven in demanding environments
- Not industry-locked
- Designed for scale and change
- Local engagement with global depth
- Long-term platform thinking, not short-term software sales

## Vision

To become a trusted technology partner for modern, transaction-driven organisations across Australia and beyond.

## Mission

To design intelligent, scalable platforms that simplify operations, unlock insight, and enable sustainable growth.

## Brand Promise

Platforms That Scale With Your Ambitions

**“The best way to  
predict the future is to  
create it.”**

*— Peter Drucker*

# Let's Build the Future Together

Enterprise platforms are not just implemented; they are partnered, evolved, and scaled over time.

At **24x7 Retail Solutions Australia**, we work closely with organisations to design, deliver, and support intelligent business platforms that adapt to changing operational demands, evolving markets, and long-term strategic goals.

Whether you are modernising existing systems or building for the next stage of growth, we bring the experience, capability, and commitment required to support your journey.
