

# Tally on WhatsApp

## Manage Your Tally Data Through WhatsApp

**Tally on WhatsApp** enables you to access important business information and reports directly on WhatsApp—without logging into Tally or using a computer. It's a smart, fast, and convenient way for business owners to stay updated anytime, anywhere.

---

## What is Tally on WhatsApp?

Tally on WhatsApp is a service that connects your Tally data with WhatsApp, allowing you to request reports, summaries, and alerts through simple WhatsApp messages. The system responds instantly with accurate, real-time business information.

---

## What You Can Do with Tally on WhatsApp

### Get Instant Reports

Receive reports such as Sales Summary, Outstanding Receivables & Payables, Stock Status, Cash & Bank Balances, and Profit & Loss—directly on WhatsApp.

### Transaction Insights

Check invoice details, voucher summaries, and daily transaction updates without opening Tally.

### Stock & Inventory Updates

Know current stock levels and item-wise availability anytime through WhatsApp queries.

### Automated Alerts & Notifications

Get alerts for outstanding payments, low stock, daily sales, and important business activities.

### Multi-User Access

Allow selected users (owners, partners, managers) to access reports securely on their WhatsApp numbers.

---
