ABOUT US

Incepted in the year 2006, we. Bhargava Industry are actively engaged in Manufacturing and Trading a broad array of high-quality of Electrical, Switchgears & PVC Items etc. These offered assortments are made by taking high-grade components as per the well-defined industry norms.

Our offered ranges of products are broadly demanded among the clients for their unique attributes like high durability, easy to use, and supreme quality. Also, we are offering this assortment as per the client-specific requirements at the nominal market price range. Apart from this; this offered a range is used for packing of the products.

We are backed with the state-of-the-art infrastructural set up for manufacturing our offered range of products. Moreover, we are supported by a team of hard-working professionals, who always put their effort towards the favor of our organization. Our team of quality experts ensures that every product is manufactured from superior quality raw material to as per the industry quality standards. As a client centric firm. we always try to satisfy our customers by delivering them their preferred products timely. Apart from this, these attributes have allowed us to build vast customer base all across the nation,

Under the valuable leadership of our mentor. Mr. Abhay Bhargava, and Mr. Krishan Kr. Bhargava, we have been able to fulfill the increasing and ever-changing requirements of our clients in a most resourceful manner. His deep knowledge helped us to be a leading organization of the industry
