Safety Reminder

While you're soaking up the sea breeze, just a little reminder: the ship can experience changes in the weather. So, be sure to hold onto handrails when you're navigating stairs and corridors. And when you're stepping outside, take care with those doors, strong winds can make them hard to open.

Public Health Reminder

To help maintain a healthy environment, please wash your hands frequently and thoroughly with soap for at least 20 seconds, and rinse them well. We strongly recommend that you follow this procedure each time you use the restroom, after coughing or sneezing and before eating, drinking or smoking. Avoid touching your mouth. We also encourage you to use your private toilet facilities and not the public toilet unless absolutely necessary.

Toilet and Vacuum System

Our "EVAC" vacuum toilets operate differently from land-based systems and rely on narrow pipework that is sensitive to blockages. To ensure proper function and avoid inconvenience, please do not dispose of any items other than human waste and small amounts of toilet paper. This includes sanitary wipes, facial tissues, paper towels, and excessive toilet paper—all of which should be placed in the waste bins and sanitary bags provided.

If a malfunction occurs, please avoid repeated flushing and contact Guest Services by dialing 5000. Thank you for your cooperation.

Need to Know!

Sunrise: 06:42am • Sunset: 05:56pm

Dress Code | Formal

When formal nights are held, here are our recommendations for the evening's attire.

- Evening gown, cocktail dress, or elegant pantsuit.
- Tuxedo, dark suit or dinner jacket and slacks.

Deck & Sun Loungers

As a courtesy to your fellow guests please be advised that sun loungers must not be reserved and that towels and personal items will be removed by a Princess staff member if the lounge has not been occupied.

Accident Prevention: Motion-Activated Lights

Like all modern cruise ships, the \$SHIP\$ Princess is equipped with a motion-activated lighting system in all guest staterooms. This innovative feature automatically turns on the light when it detects movement, eliminating the need to fumble for a switch in the dark. It is particularly useful for late-night bathroom visits or navigating unfamiliar spaces. The motion sensor light enhances safety by illuminating the room instantly, which helps to reduce the risk of accidents or falls. This small feature promotes peace of mind, offering guests a safer and more comfortable stay.
