Comfort & Physical Level

1. COMFORT LEVEL

For its group journeys in Mauritania, Hunak has designed an itinerary that carefully combines **comfortable local accommodation in villas, guest houses, hotels and auberges with nights spent camping in the desert.**

This balance makes the journey accessible even for travellers experiencing desert camping for the first time.

Comfortable **local villas, auberges and guest houses**

Twin bedrooms, shared bathrooms and running hot water

When camping outside, travellers will sleep in traditional Mauritanian tents, known as **khaimas**

Fresh meals tailored to all dietary needs

2. PHYSICAL LEVEL

Suitable for **reasonably active travellers. The rhythm is balanced, accessible and designed to allow enough time to move, rest and absorb the landscape.**

Morning walks of **2-3 hours**

No technical hiking or trekking experience required

4x4 transfers across dunes and plateaus

Midday rest during the hottest hours and **shorter sunset walks** before camp

You do not need technical skills or extreme fitness – only curiosity, openness, and the willingness to move through the desert with attention and respect.
