

### COMPANY OVERVIEW

Sentinel Strategic Group LLC (Sentinel) is a Utah-based executive protection and private security firm providing intelligence driven protective services, operational planning and risk mitigation support to organizations, leadership personnel, and mission-sensitive operations.

Sentinel specializes in protective intelligence operations including threat assessment, behavioral risk analysis, adversary identification, background investigations, online threat monitoring, and discreet surveillance in support of executive protection and organizational security.

Sentinel consists of highly trained special operations and intelligence professionals from defense and law enforcement agencies experienced in operating in permissive, semi and non-permissive dynamic environments. Services are structured around advanced planning, protective-driven intelligence, and coordinated response procedures to safeguard individuals and organizational locations.

### KEY DIFFERENTIATORS

- Intelligence-driven protection methodology rather than guard-force security
- Leadership with law enforcement and operational field experience
- Structured advanced planning and analysis before deployments
- Low-profile professional protective coverage
- Rapid regional deployment capability
- Multilingual operational support capability

### PERSONNEL TRAINING & OPERATIONAL COMPETENCIES

- Experienced operators from the U.S. Army and Navy services, and seasoned law enforcement professionals
