Rice Krispie Treats...now with SPRINKLES

We've added sprinkles to our wildly popular brown butter rice krispie treats, because everything is better with sprinkles.

Cinnamon Rolls with Cream Cheese Icing

Listen. All due respect to breadly cinnamon rolls, but these beauties are soft, fluffy, and gooey. Very gooey. Take an extra napkin.

Pecan Sticky Buns

Soft, pillowy dough with a cinnamon swirl, draped in lush caramelized brown sugar sauce and studded with a blanket of pecan pieces.

Semlor

Swedish cardamom buns filled with almond paste and topped with chantilly cream (that's just lightly sweetened whipped cream) and dusted with powdered sugar.
