5 METHODS OF ACTIVISM YOU CAN PARTAKE IN

PASS OUT PAMPHLETS, FLYERS AND ZINES

That's how you're reading this! Design your own pamphlets and zines, get them from a local grassroots organization, or print this very zine at thepatrioticcucumber.org/flyers-and-pamphlets.

SPEAK TO YOUR REPRESENTATIVES

This could be by writing a letter or setting up a phone call. A letter will be more impactful than an Email, because a letter takes more effort and is more personal.

PROTESTING

Protesting on a weekday will be more effective, as this will disrupt the economy, and lawmakers will be in their offices.

VOLUNTEER

Volunteering for a local grassroots organization or a political candidate provides countless opportunities to make a positive change in your community.

SPEAK OUT ONLINE

Either by blogging, created art, or posting reels. Be polite in your messaging, as people will be more likely to change their minds.
