

Dear Brothers and Sisters in Him,

We hope you are having a great week. We have been busy over the past few weeks preparing for the upcoming missionary boat trips. We have received clothing donations and a few boxes of medication. We finished organizing these items and packaging them to be shipped to the boat.

This year, we have noticed changes. It is more difficult to find volunteers; people seem to be busy with other things going on. Please pray for this ministry, that the Spirit will prepare hearts to receive the good news. Pray that the children would be good listeners to the Bible stories, and the adults would hear the Word.

Enoel will be leaving today to go on the first riverboat trip. Lord willing, Leisa will join him on the second one as she is still recovering from chikungunya. We have a large team for the first trip including a group of veterinarians, and a few medical doctors. Also, we have someone who will help out in the kitchen. We did have a dentist, but she just cancelled today. We do not have many signed up for the other trips, so pray that this will change. Please pray that we can reach all the needy villages with the Word.

This note is short. We just wanted to update you so that you can pray. Thank you once again for your

Prayers and support

Enoel and Leisa Suarez
