

Ferolys-XT Tablets

Iron, Folic Acid & Zinc Supplement

Product Overview

Ferolys-XT Tablets are a scientifically formulated nutritional supplement designed to support iron, folate, and zinc requirements during conditions associated with increased nutritional demand.

It contains Ferrous Ascorbate, L-Methylfolate, and Zinc, which together help support hemoglobin formation, red blood cell production, and overall nutritional balance, especially during pregnancy and nutritional deficiencies.

The formulation uses L-Methylfolate, the active and bioavailable form of folate, ensuring better absorption and utilization by the body.

Composition (Per Tablet)

- Ferrous Ascorbate – 100 mg
- L-Methylfolate – 1 mg
- Zinc – 61.8 mg

Key Benefits

- Supports hemoglobin formation and red blood cell production
- Helps meet increased iron requirements during pregnancy
- L-Methylfolate supports folate needs in its active, bioavailable form
- Zinc supports immunity, cell growth, and overall nutritional health
- Gentle iron formulation designed for better tolerance and absorption
- Helps address nutritional deficiencies related to iron and folate

Indications / Recommended For

- Nutritional support during pregnancy
- Individuals with iron deficiency anemia
- Nutritional deficiencies related to iron, folate, and zinc
- Increased nutritional requirements as advised by healthcare professionals

Dosage

As directed by the physician or healthcare professional.

Who Should Use Ferolys-XT

- Pregnant women (as advised by doctor)
- Individuals with low iron or folate levels
- Adults requiring iron and zinc nutritional support

(Use under medical supervision)

Storage Instructions

Store in a cool, dry place away from direct sunlight.
Keep out of reach of children.
