

ProteLys High Protein Powder

High Calorie Support for Critical Nutrition

Product Overview

ProteLys™ High Protein Powder is a calorie-dense, high-protein nutritional supplement designed to meet the increased nutritional needs of individuals requiring critical nutrition support.

It delivers a balanced combination of high-quality whey proteins, MCTs, fiber, pre & probiotics, vitamins, minerals, herbal extracts, and functional nutrients to support energy, strength, digestion, and overall wellness.

With a calorie density of 2.25 kcal/ml, ProteLys High Protein is suitable for patients and individuals who need enhanced protein and calorie intake in a convenient, easy-to-consume format.

Key Benefits

- High protein & high calorie formula supports critical nutritional requirements
- Dual protein blend (Whey Concentrate & Hydrolysate) promotes muscle strength and recovery
- 36 g protein per 100 g supports muscle maintenance and tissue repair
- MCTs (Medium Chain Triglycerides) provide quick and sustained energy
- Pre & Probiotics with Actazin® improve gut health, digestion, and nutrient absorption
- Dietary fiber supports digestive health
- L-Carnitine & L-Taurine enhance stamina, endurance, and cellular performance
- Herbal extracts (Fenugreek & Glycyrrhiza glabra) help support metabolism and internal balance
- Fortified with essential vitamins & minerals for immunity and overall wellness
- Safe for diabetics
- No added sugar
