

Protelys-N Whey Protein

High Quality Unflavoured Protein Powder

Product Overview

Protelys-N Powder is a high-quality, unflavoured whey protein supplement formulated to support muscle strength, endurance, tissue repair, and overall wellness.

It provides a complete amino acid profile, enriched with BCAAs, Actazin® (Kiwi fruit powder), and 18 essential vitamins & minerals, making it ideal for individuals seeking clean, lean nutrition without added sugar or excess fat.

With its neutral taste and texture, Protelys-N can be easily mixed with water, milk, smoothies, or recipes as per individual preference.

Key Benefits

- High-quality whey protein concentrate supports muscle strength, endurance, and faster recovery
- Complete amino acid profile promotes tissue repair, lean muscle growth, and overall wellness
- Rich in BCAAs (Leucine, Isoleucine, Valine) helps improve performance and reduce post-workout fatigue
- Enriched with 18 vitamins & minerals supports energy, immunity, and bone health
- Actazin® (Kiwi fruit powder) enhances digestion, nutrient absorption, and gut comfort
- Low-fat & sugar-free formula ideal for clean, lean nutrition
- Unflavoured & versatile – blends easily with shakes, smoothies, or food preparations

Key Features

- Provides 45 g protein per 100 g
- High biological value whey protein
- Enriched with BCAAs
- Contains Actazin® for digestive support
- Fortified with 18 Vitamins & Minerals
- No added sugar
- Neutral taste & texture
