

Your Government-Ready Professional Services Partner

We are a government-ready professional services firm supporting federal, state, and local agencies with marketing, research, communications, and technical support services, aligned with agency outreach, program visibility, and data-driven decision-making.

25+ Years of
Contextualized
Experience

Our team has over two decades of combined experience supporting organizations in marketing strategy, market research, data analysis, and operational optimization, including projects within regulated and compliance-driven environments.

Core Competencies & Services (NAICS Codes)

Advertising Agency Services (NAICS 541810 - Primary)

Creating, planning, and executing advertising and promotional campaigns across various media to enhance program visibility and public outreach.

Market Research & Public Opinion Polling (NAICS 541910)

Gathering, recording, and analyzing market and public opinion data through surveys and statistical analysis to support data-driven decision-making for government programs.

All Other Professional, Scientific, & Technical Services (NAICS 541990)

Providing a broad range of specialized professional services to support business operations, reporting, stakeholder communications, and strategic growth for agencies and prime contractors.

How We Support Government Contracts

We support agencies and prime contractors with research, analysis, reporting, and communications services under NAICS 541910 (Market Research) and 541990 (Technical Services).

Malevolent Experience & Past Performance

Marketing & Communications for Regulated Industries: Executed targeted campaigns in compliance-driven environments, ensuring clear communication with stakeholders and the public.

Market Research & Data Analysis: Conducted comprehensive market research and data analysis projects that provided actionable insights for strategic decision-making.

Program & Stakeholder Support: Provided essential program support through consistent reporting, deliverable tracking, and managing stakeholder communications.

Government Readiness & Differentiators

Your Ideal Subcontracting Partner

Experienced in supporting prime contractors as a reliable subcontractor. We are adaptable to teaming arrangements, IDIQ task orders, and agency-specific requirements.

Active SAM.gov Registration: Fully registered and active in the System for Award Management, ready for federal, state, and local contracts.

UEI: HW9DUYS9X1D3: Unique Entity Identifier for government contracting.

CAGE Code: 8AJ10: Commercial and Government Entity code for business identification.

Socio-Economic Status: Certified as a Minority-Owned business, Hispanic American Owned, and a Self-Certified Small Disadvantaged Business.
