# About

## The Armoured Cable Specialists

**Northern Cables Inc.** is a world-class manufacturer of commercial and industrial power cables headquartered in Brockville, Ontario, Canada. Founded in **1996** by six former Phillips Cables employees, the company has grown to become an industry leader.

### Company Milestones

**1996:** Company founded by 6 former Phillips Cables employees

**First Product:** Teck90 - low-voltage armoured power cable

**1999:** AC90 product line introduced for dry interior applications

**Expansion:** UL listing secured for U.S. market penetration

**Today:** 180 employees, 24/7 operations, 4M meters monthly

“When you do something as well as we do, word gets around, and repeat business serves as recognition in itself.” - Northern Cables

### Operations

-  **3** Manufacturing Plants
-  **6** Distribution Centers
-  **180** Employees
-  **4M+** Meters Monthly

### North American Made

All raw materials sourced in North America. Finished goods qualify for **NAFTA designation**.
