

Cradled in Love

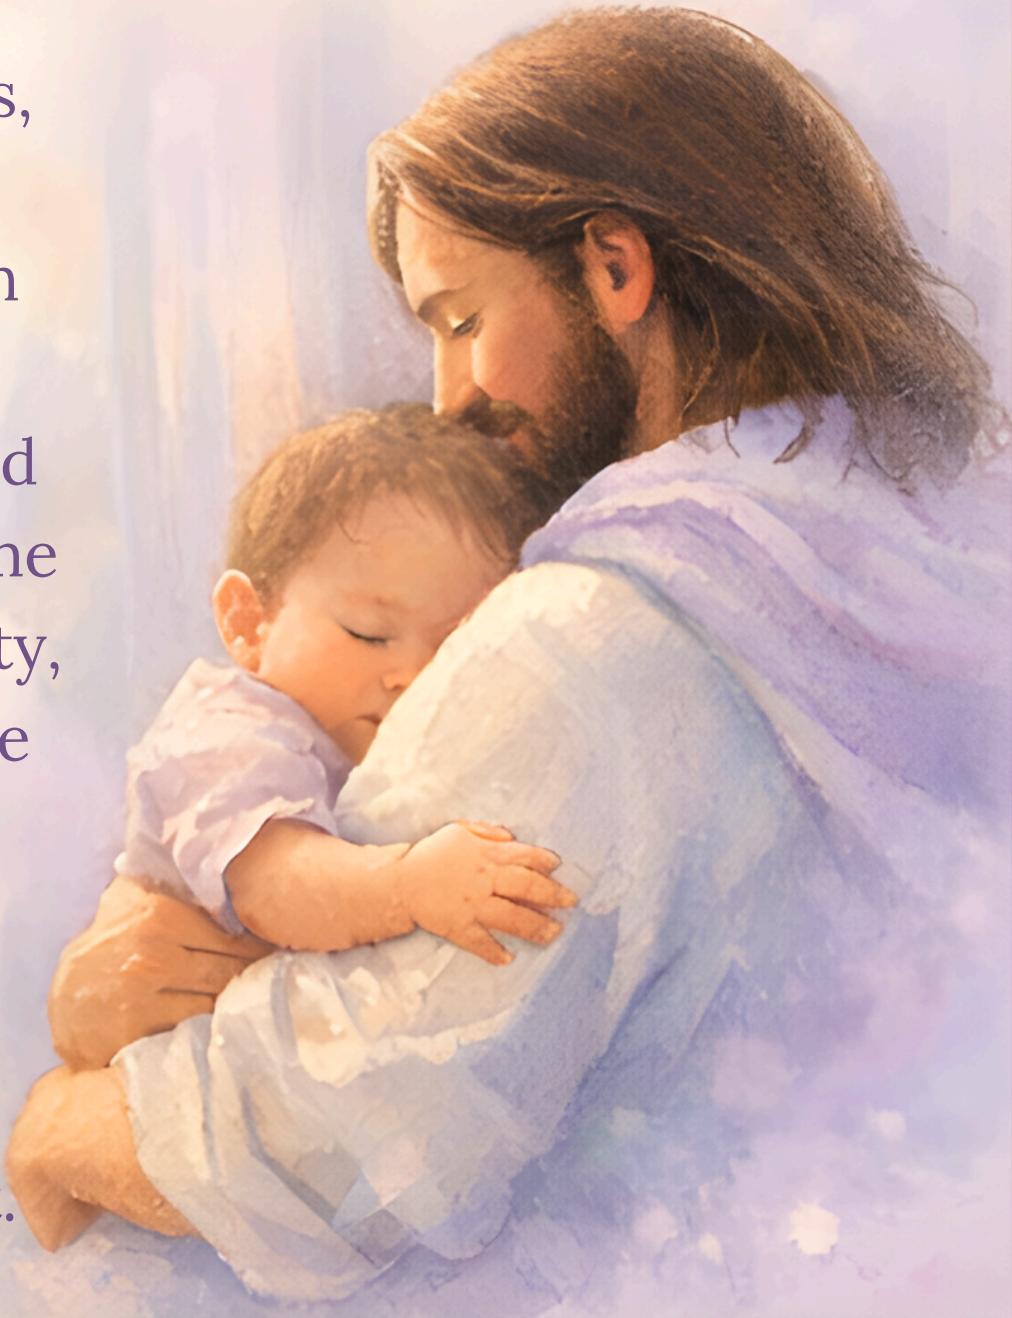

Faith for Babies (0-12 Months)

A gentle faith companion for caregivers and babies

For You, the Caregiver

Babies learn faith not through words, but through presence. Through the way they are held spoken to, and soothed. They come to know love, safety, and peace. In these quiet moments, faith is already being formed-gently., naturally, and without effort.

A Blessing to Speak

You are loved.

You are safe.

Jesus is with you.

Cradled in Love

Prayer Lullaby

Now I lay you down to rest,
Held in love, forever blessed.
May the Lord your spirit keep,
Wrapped in peace as you sleep.
Guide and bless you through the
night, hold you gently in His light.

When you wake with morning's
grace, may joy and calm fill this
place. Let all sadness drift away,
As love surrounds you night and
day.

Bless all hearts you touch in
time, And keep you safe in love
divine.
So Be It.

A woman with long brown hair, wearing a light blue long-sleeved shirt, is holding a sleeping baby. The baby has curly blonde hair and is wearing a light purple onesie. They are positioned in front of a background of a starry night sky with a yellow and blue gradient.

Hold your baby.

Breathe slowly.

Let this moment
be prayer.

A Prayer to Whisper

A soft-focus photograph of a baby sleeping peacefully. The baby is lying on their back, wearing a light purple onesie. They are tucked under a blue and white patterned blanket with a star and dot design. The background is a warm, out-of-focus yellow and orange, suggesting a cozy indoor environment.

Love surrounds you.

Peace holds you.

Jesus stays near.

A Gentle Reassurance

There is nothing you need to teach.

There is nothing you need to do.

Love is enough.

May you be blessed and loved, always.
