

Allianz Car insurance

Allianz Plus

To cater to customers' diverse needs and make it easier for them to contract Allianz Auto Plus, the new Allianz Auto has four different coverage options.

Here are the different packages available along with the coverage that each one includes:

Coverage options

Basic coverage option (third party with windscreens)

This coverage option, in addition to third-party insurance coverage (Mandatory Civil Liability, Complementary Civil Liability, Damage Compensation, Damage Claim, Travel Assistance and Driver Accidents), includes:

- › Advice for traffic fines
- › Revoked driving license
- › Courtesy vehicle and excellent service
- › Broken windows
- › Loan interest for vehicle repair

Third-party

This option includes the same coverage as the Basic coverage option, extended to damages for:

- › Fire
- › Theft
- › Natural phenomena such as lightning, wind, hail, etc
- › Collision with wild animals

Extended Third-party

The Allianz Auto All Risk with Excess coverage option is a great solution if you are looking for cheaper insurance than comprehensive insurance with no excess, while ensuring comprehensive protection for your vehicle, no matter what may happen.

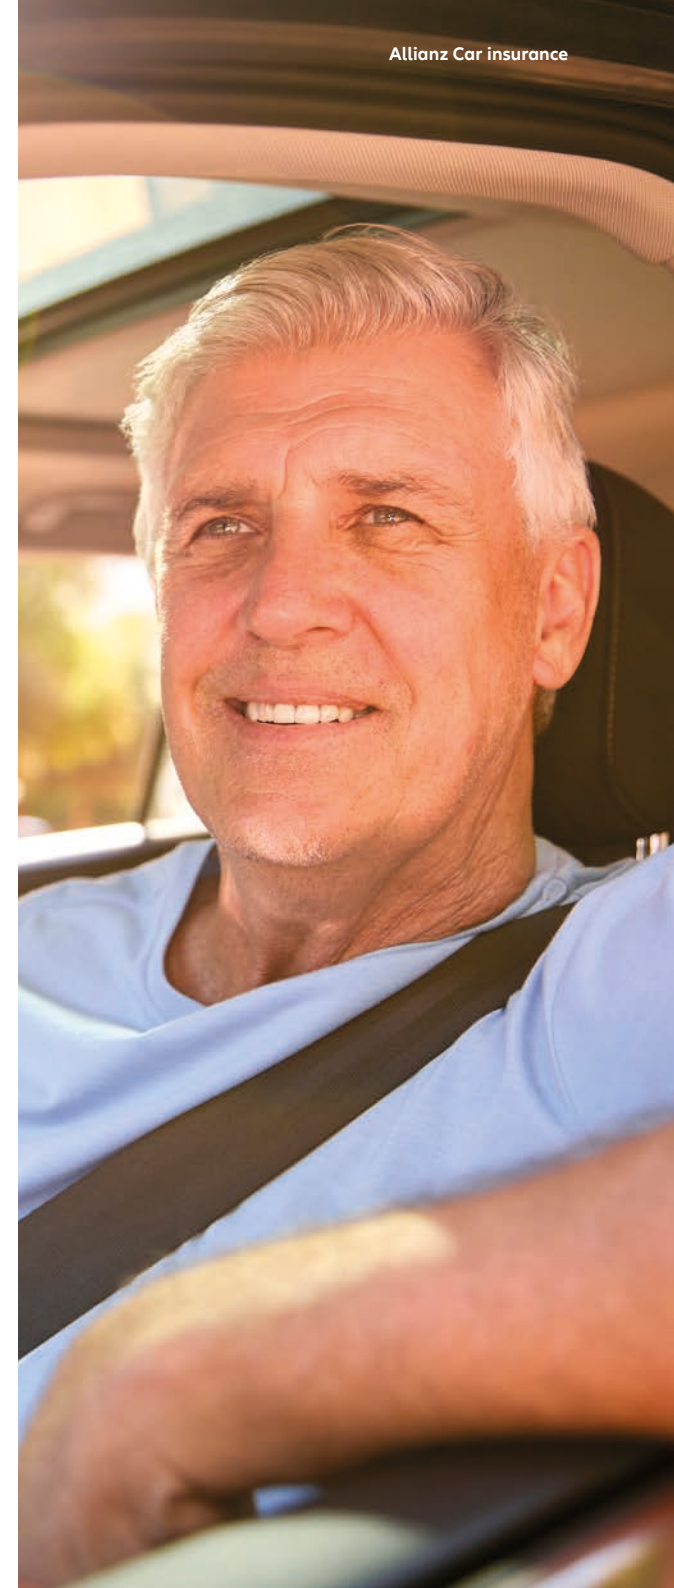

With this coverage option, you can choose between two excesses, one higher and one lower, depending on your needs.

In the event of damage due to impact or vandalism, regardless of who is at fault and the extent of the damage, as the insured, you pay the fixed portion established as the excess when taking out your policy and Allianz assumes the cost of repairing the damage caused.

Comprehensive

Comprehensive car insurance with no excess is the most complete coverage option. In addition to mandatory insurance, travel assistance, windscreen, fire, theft or natural phenomena, you're also covered in the event of first party damage.

If there is an accident, regardless of who is at fault and the extent, Allianz will pay for the repairs of all damage.

Coverage options	Basic	Basic +Theft	All Risk with excess	All Risk
Mandatory civil liability	•	•	•	•
Complementary Civil Liability	•	•	•	•
Compensation for damages	•	•	•	•
Damage claim	•	•	•	•
Driver bodily accidents	•	•	•	•
Assistance to people and their vehicle	•	•	•	•
Advice for traffic fines	•	•	•	•
Revoked driving license and invalidity	•	•	•	•
Courtesy vehicle and excellent service	•	•	•	•
Broken windows	•	•	•	•
Loan interest for vehicle repair	•	•		
Theft		•	•	•
Fire		•	•	•
Nature phenomena		•	•	•
Collision with wild animals		•	•	•
First party damage			* With excess	No excess

*Depending on your needs, with this coverage option you can choose between two types of excess.

Benefits of Allianz Auto Plus

Many benefits included within the prices

Personalised price based on your customer profile and accident history

Discounts for having other policies with Allianz

Possibility of paying the first bill by Visa

Courtesy vehicle in case of accident or theft

Allianz will provide you with a courtesy vehicle and offers an extensive range of services, as long as the vehicle is taken to a workshop in the “Excellent Workshop Network” and Allianz has authorised payment for the repair.

When the Basic with Theft guarantee is contracted, if the vehicle disappears due to theft, Allianz will provide a class C rental vehicle, with no additional expense except for consumption (fuel, tolls, parking, etc.). You will receive an allowance for the days that you cannot use your vehicle, starting from the third day and continuing until the vehicle is returned to you or you are compensated, up to a maximum of 31 days.

If your vehicle is involved in an accident in Spain that causes it to be immobilised and it is towed to an Allianz Workshop Network for repair, Allianz will provide you with a rental vehicle up to class C at no additional cost, excluding fuel, tolls and parking. From the 1st day until the 10th day that you cannot use it (both inclusive).

Travel assistance with no kilometre limit

The insurance covers towing, within the shortest possible time, the damaged vehicle to a workshop close to your home. You can designate the workshop you prefer, regardless of the distance. Towing service is available 24 hours per day. This guarantee also includes the transfer and accommodation for people, search for medicines and luggage, pet transport, sending urgent messages, among other services. The following services are also included:

- › If you have an accident while on a trip away from your usual home, Allianz will provide you with assistance to get back home so that you can resolve the situation easily
- › If a first-degree relative of the Policyholder passes away while he or she is travelling, Allianz will cover the costs of returning the deceased to their home in Spain
- › If the Policyholder's passport is stolen or lost during a trip, the cost of a hotel will be covered for one day so that the necessary paperwork can be completed to continue the trip

In case of an accident, assistance in Spain and abroad is just a phone call away 24/7, every day of the year, from wherever the accident occurs.

Advice service for traffic fines

Should you be issued a traffic ticket in Spain and disagree with the penalty, Allianz will provide the Policyholder with complimentary legal counsel and assistance in contesting the ticket.

Revoked driving license and invalidity

Allianz covers out-of-pocket expenses that arise from the partial or complete revocation of your driver's license, including a daily allowance of €50 and the entire cost of the driver's license reinstatement course and associated fees, up to €500 for partial license restoration and €1,000 for full license reinstatement.

Allianz Workshop and Excellent Services Network

To ensure you receive the best service, Allianz has partnered with a Network of Workshops, with the Network of Excellent Workshops standing out for their commitment to providing a range of complementary services following an accident.

- › Delivery to and collection of the vehicle at home (35 km)
- › Remote evaluation (direct appraisal at the time, without having to wait for a visit from a loss adjuster)
- › Free courtesy vehicle during repair
- › Comprehensive cleaning of the interior and exterior of the vehicle upon completion of the repair
- › Review of the 20 most important points on the vehicle
- › And other benefits

Riding bicycles (including electric), scooters and Segways

It is included within the Complementary Civil Liability, with a limit of one million euro.

Compensation of €5,000 for adapting the vehicle and €30,000 for adapting the home

It is included in the case of serious loss of quality of life (Permanent Physical Disability), within the Driver's Bodily Accidents guarantee.

Loan interest for repair (in Basic or Basic plus Theft)

If an accident occurs and your vehicle needs to be repaired, Allianz will reimburse you for the interest and financial expenses associated with a loan you take out to cover the costs of repairs (up to a maximum of €1,000), provided the repairs are carried out at a workshop within the "Network of Excellent Workshops".

Review and Transfer to the vehicle inspection station (in All Risk with or without excess)

To ensure your vehicle is in the correct condition for a vehicle inspection, Allianz will pick it up from your home and transport it to an Allianz-approved "Specialist Workshop" for inspection.

- Mechanical and electrical (engine oil, cooling fluid, transmission, silent blocks and ball joints, engine hoses and hydraulic components)
- Safety check
- Once the inspection has been completed, the vehicle will be taken to the corresponding inspection station
- Subsequent return of the vehicle to the collection location

This brochure is informative in nature and has no contractual value. Coverage and benefits are subject to the terms and conditions of the policy.
