CONCEALABLE VIP BALLISTIC VEST

ITEM CODE – SGPL/VIP/001

ITEM DESCRIPTION:-

This Lightweight Vest Focuses On Mobility And Concealment. Unlike Bulky Tactical Carriers, The Vip Series Uses A Slimline Ergonomic Cut That Contours To The Torso, Ensuring That Your Security Remains Your Private Business.

GENERAL INFORMATION:

- **PROTECTION LEVEL:** Soft Armor Panels (Sap) Available In NIJ Level II Or IIIA (High-velocity 9mm & .44 Mag)
- **MATERIAL:** Premium Aramid / UHMWPE Ballistic Core
- **CARRIER FABRIC:** Ripstop Nylon (Customization Available)
- **DESIGN FOR:** POLICE, ARMY, VIP's
- **WEIGHT:** Approx. 1.2kg – 1.8kg (Depending On Size/Level)
- **COLOR:** Stealth Black / Tactical White / Navy Blue
- **SIZES:** S, M, L, XL, XXL, And Custom Tailored

KEY FEATURES:

- **Ultra-Low Profile:** Designed with a flat-seam construction to remain virtually invisible under light clothing.
- **Maximum Adjustability:** Features a 4-point Velcro hook-and-loop system (shoulders and waist) for a perfect fit.
- **Breathable Comfort:** Lined with moisture-wicking spacer mesh to promote airflow and keep the wearer cool during long shifts or in warm climates.
- **Full Vital Coverage:** Specialized panel shape provides comprehensive protection to the front and back torso while allowing a full range of arm movement.
- **Durable Carrier:** The outer shell is made from high-grade, abrasion-resistant nylon that is easy to clean and maintain.

ELITE HYBRID VIP BALLISTIC VEST (SAP + HAP COMPATIBLE)

ITEM CODE – SGPL/VIP ELITE/002

ITEM DESCRIPTION:-

The Elite Hybrid VIP Vest Is The Ultimate Versatile Armor Solution For High-risk Environments. While Maintaining A Slim, Executive Profile, This Vest Is Reinforced With Integrated Pockets To Support Both Soft Ballistic Inserts And Hard Ballistic Inserts. It Is The Ideal Choice For Security Details That Need To Scale Their Protection Level Based On The Mission.

GENERAL INFORMATION:

- **ARMOR CAPABILITY:** Compatible With Sap (Soft) And Hap (Hard) Plates
- **SAP PROTECTION:** NIJ LEVEL IIIA (STANDARD)
- **HAP POCKET SIZE:** Fits Standard 10" X 12" SAPI/ESAPI Plates
- **EXTERIOR MATERIAL:** 500/1000d Ballistic Nylon / Cordura (Water Resistant)
- **DESIGN FOR:** High-risk VIP Transport, Private Military Contractors, Journalists & Media.
- **ADJUSTMENT:** Industrial Velcro
- **WEIGHT (BASE):** Ultra-lightweight Carrier (~0.9kg Without Plates)

KEY FEATURES:

- **MOLLE WEBBING SYSTEM:** Features Low-profile Horizontal Webbing For The Attachment Of Essential Gear, Pouches Or Communication Sets.
- **TACTICAL SCALABILITY:** Wear It As A Lightweight Concealable Vest With Sap Only, Or "Up-armor" With Hap For Active Shooter Or Combat Scenarios.
- **REINFORCED SHOULDERS:** Padded, Heavy-duty Shoulder Straps Designed To Distribute The Weight Of Hard Steel Or Ceramic Plates Comfortably.
- **SIDE COVERAGE:** Overlapping Side Protection Ensures No Gaps Between The Front And Back Ballistic Panels.
- **INTERNAL CLIMATE CONTROL:** 3d Breathable Mesh Lining Wicks Away Moisture And Heat During High-intensity Operations.

PRO-GUARD HYBRID VIP BALLISTIC VEST (SAP + HAP INTEGRATED)

ITEM CODE – SGPL/VIPPRO/003

ITEM DESCRIPTION:-

The Pro-guard Hybrid Vip Vest Is The Pinnacle Of Adaptable Personal Protection. Designed For Those Who Require The Discretion Of A Vip Vest With The Stopping Power Of A Tactical Carrier, This Hybrid System Seamlessly Integrates Soft Armor Panels (Sap) For Everyday Handgun Protection And Hard Armor Plate (Hap) Pockets For High-threat Rifle Defense.

GENERAL INFORMATION:

- **ARMOR CAPABILITY:** Dual Configuration: SAP (SOFT) & HAP (HARD)
- **PLATE COMPATIBILITY:** Fits Standard 10" X 12" HAP Plates
- **ADJUSTMENT SYSTEM:** 4-point Adjustable Velcro (Shoulders & Waist) With Elastic For Shoulder Relax Fitment.
- **ATTACHMENT SYSTEM:** Front-facing Molle Webbing
- **COLOR:** Tactical Stealth Black
- **INNER LINING:** Moisture-wicking Performance Mesh

KEY FEATURES:

- **DUAL-PROFILE DESIGN:** Maintains A Slim Silhouette For Use As A "Vip" Concealable Vest Under Heavy Jackets, Yet Rugged Enough To Be Worn As An External Tactical Carrier.
- **BREATHABLE MESH BACKING:** The Rear Panel Is Constructed With High-ventilation Mesh To Ensure Maximum Airflow And Comfort During Long-duration Operations.
- **HEAVY-DUTY ADJUSTMENT:** Features Industrial-grade Velcro Shoulder And Side-waist Closures For A Secure, Non-slip Fit That Adapts To Different Body Types.
- **DURABLE EXTERIOR:** Crafted From Abrasion-resistant Ballistic Nylon Designed To Withstand Harsh Environments And Heavy Plate Loads.

ELITE SCALABLE VIP BALLISTIC VEST (SAP + HAP DUAL SYSTEM)

ITEM CODE – SGPL/VIPSCAL/004

ITEM DESCRIPTION:-

The Elite Scalable VIP Series Represents The Ultimate In Modular Personal Protection. This Versatile Vest Is Uniquely Designed To Function As A Discreet, High-mobility Carrier While Offering The Heavy-duty Capacity To Transition Into A Full-scale Tactical Solution. Engineered With Dedicated Compartments For Both Soft Armor Panels (Sap) And Hard Armor Plates (Hap), It Provides A Customizable Defense Profile Against Handgun And High-velocity Rifle Threats.

GENERAL INFORMATION:

- **ARMOR CAPABILITY:** Dual System Supports Both SAP (SOFT) AND HAP (HARD)
- **PLATE POCKETS:** Integrated Front & Rear High-tensile Plate Compartments
- **ATTACHMENT SYSTEM:** Front-facing Horizontal Velcro Loop Webbing For Attached Name, Blood Group Etc.
- **CLOSURE SYSTEM:** Reinforced Industrial-grade Velcro Tensioners
- **LINING:** Moisture-wicking 3d Cooling Mesh
- **EXTERIOR MATERIAL:** Heavy-duty, Abrasion-resistant 500/1000d Ballistic Nylon

KEY FEATURES:

- **FRONT-FACING IDENTIFICATION PANEL:** Features A Wide, Integrated Horizontal Velcro Loop Section On The Upper Chest For The Secure Attachment Of Name Tapes, Agency Identifiers, Or Rank Patches.
- **EMERGENCY DATA INTEGRATION:** The Loop Webbing Provides A Dedicated Space For "Medical/Blood Group" Patches, Ensuring Vital Information Is Visible To First Responders In High-stress Scenarios.
- **HIGH-VISIBILITY UTILITY:** The Placement Of The Loop Velcro Is Ergonomically Positioned To Remain Visible Even When Wearing Open Jackets Or Specialized Overcoats.
- **INDUSTRIAL STRENGTH:** Constructed With Heavy-duty, Reinforced Stitching To Ensure Patches And Attached Gear Remain Secure During Intense Physical Activity Or Combat Maneuvers.

TACTICAL HYBRID PLATE CARRIER SYSTEM (SAP + HAP OPTIMIZED)

ITEM CODE – SGPL/THPC/005

ITEM DESCRIPTION:-

The Tactical Hybrid Plate Carrier Is A Combat-ready Armor Solution Designed For High-intensity Operations Where Maximum Protection And Utility Are Non-negotiable. This System Is Engineered To Support Both Soft Armor Panels (Sap) And Hard Armor Plates (Hap) For Any Threat Mitigation, All While Serving As A Comprehensive Load-bearing Platform For Essential Mission Gear.

GENERAL INFORMATION:

- **ARMOR SUPPORT:** Dual Configuration SAP (SOFT) & HAP (HARD)
- **AMMUNITION CAPACITY:** Integrated Multi-mag Front Pouches
- **SPECIALTY POUCHES:** Side-mounted Utility/Grenade Pouches
- **ID SYSTEM:** Front Horizontal Velcro Loop
- **MATERIAL:** High-tensile, Abrasion-resistant Tactical Nylon
- **COLOR:** Tactical Olive Drab (O.D.) Green Or Customized

KEY FEATURES:

- **HIGH-CAPACITY MAGAZINE STORAGE:** The Front Panel Is Equipped With Integrated, Heavy-duty Pouches Designed To Carry Multiple Rifle Magazines, Featuring Secure Flap Closures For Rapid Access And Retention.
- **SPECIALIZED UTILITY POUCHES:** Features Dedicated Side-mounted Pouches Optimized For Carrying Grenades, Medical Supplies Or Communication Devices.
- **VELCRO IDENTIFICATION PANEL:** A Wide, Front-facing Horizontal Velcro Loop Section Is Positioned On The Upper Chest For The Attachment Of Name Tapes, Blood Group Patches Or Agency Identifiers.
- **MOLLE WEBBING SYSTEM:** Multiple Rows Of Reinforced Horizontal Webbing Across The Front And Rear Allow For Complete Customization Of Additional Gear And Pouches.

VANGUARD HYBRID TACTICAL CARRIER DUAL-ARMOR SERIES (SAP/HAP)

ITEM CODE – SGPL/VANGRD/006

ITEM DESCRIPTION:-

Designed For The Modern Operator Who Demands Uncompromising Protection And Rapid Adaptability, The Vanguard Hybrid Tactical Carrier Is The Ultimate Platform For High-risk Environments. This Carrier Is Uniquely Engineered To Serve As A Dual-threat System, Housing Both Soft Armor Panels (Sap) For Fragmented/Handgun Protection And Hard Armor Plates (Hap) For Rifle-rated Threats Simultaneously.

GENERAL INFORMATION:

- **ARMOR CAPABILITY:** Dual-slot (SOFT PANEL + HARD PLATE)
- **BUCKLE SYSTEM:** Tactical Quick-release (Shoulder & Waist)
- **WEIGHT DISTRIBUTION:** Adjustable Padded Shoulder Yoke
- **MATERIAL:** 500/1000d Ballistic-grade Nylon Or Cordura
- **SIZE:** Fully Adjustable (One Size Fits Most) Or S, M, L, XL

KEY FEATURES:

- **INTEGRATED DUAL-ARMOR CAVITY:** Features A Specialized Internal Pocket System That Allows For The Layering Of Soft Armor Inserts (Sap) And Hard Ballistic Plates (Hap) Without Adding Unnecessary Bulk.
- **RAPID-RESPONSE QUICK RELEASE:** Outfitted With Heavy-duty, Side-entry Quick-release Buckles. This Allows For Near-instant Donning And Doffing, Even While Wearing Gloves Or In High-stress Scenarios.
- **HIGH-TENACITY 500/1000D CONSTRUCTION:** Built From Industrial-grade, Abrasion-resistant Nylon To Withstand The Rigors Of Field Use, Crawl-drills And Extreme Weather.
- **FULL-SPECTRUM MOLLE/PALS MATRIX:** Laser-aligned Webbing Across The Entire Front, Back Provides A Modular Canvas For Mag Pouches, Ifaks, And Communication Gear.
- **HEAT-DISSIPATING 3D MESH:** The Interior Is Lined With Moisture-wicking 3d Spacer Mesh To Facilitate Airflow, Keeping The Operator Cool During Extended Deployments With Foam Style On Back.
- **REINFORCED DRAG HANDLE:** An Ultra-strong, Low-profile Drag Handle Is Integrated Into The Back Panel For Emergency Casualty Evacuation.

IRONCLAD 360 TACTICAL SENTINEL INTEGRATED SAP & HAP FULL-COVERAGE JACKET

ITEM CODE – SGPL/360T/007

ITEM DESCRIPTION:-

Engineered For High-intensity Theater Operations And Maximum Defensive Coverage, The Ironclad 360 Tactical Sentinel Is A Comprehensive Ballistic Solution. Unlike Standard Carriers, This "Jacket-style" Platform Provides An Expansive Protection Radius, Integrating Multi-threat Defenses With An Onboard Load-carriage System For Essential Mission Gear.

GENERAL INFORMATION:

- **ARMOR CAPABILITY:** Simultaneous Sap (Soft) & Hap (Hard) Support
- **CONFIGURATION:** Fixed Multi-pouch Combat System
- **MATERIAL:** High-density Reinforced Nylon Or Cordura
- **PATTERN:** Classic Woodland Camo Or Any
- **FIT:** Full-coverage Jacket Style With Side Adjusters Or S, M, L, XL

KEY FEATURES:

- **360-DEGREE BALLISTIC CHASSIS:** An Extended-cut Design That Maximizes The Coverage Area For Soft Armor Inserts, Protecting The Vitals From Various Angles.
- **INTEGRATED MULTI-POUCH ARRAY:** Features Built-in, High-capacity Utility And Magazine Pouches On The Front And Sides, Eliminating The Need For Separate Modular Attachments.
- **DUAL-TIER ARMOR SYSTEM:** Internal Dedicated Pockets Allow For The Simultaneous Use Of Soft Ballistic Inserts And Hard Armor Plates (Level Iii Or Iv).
- **TACTICAL CAMOUFLAGE FINISH:** Finished In A Rugged, Field-proven Woodland Camouflage Pattern For Effective Concealment In Diverse Environments.
- **HEAVY-DUTY SHOULDER SUSPENSION:** Reinforced Green Nylon Shoulder Straps Provide Superior Weight Distribution, Ensuring Comfort Even When The Jacket Is Fully Loaded With Armor And Ammunition.
- **QUICK-ACCESS SIDE ADJUSTMENTS:** Features Easy-to-reach Side Closures With Velcro That Allow The Operator To Tighten Or Loosen The Fit Instantly For Layering Over Combat Uniforms.
- **WAIST ADJUSTABLE BELT (INNER SIDE):** An Internally Placed Adjustable Belt With Elastic And Velcro Fastening Is Provided To Securely Tie And Hold The Tactical Jacket At The Waist, Ensuring A Snug And Comfortable Fit.

TACTICAL OPERATOR **HIGH-PROTECTION BALLISTIC VEST**

ITEM CODE – SGPL/OPT/008

ITEM DESCRIPTION:-

Engineered For Elite Performance And Maximum Adaptability, This Ballistic Vest Is A Comprehensive Armor Solution For Law Enforcement, Security Professionals, And Tactical Operators. It Integrates A Soft Armor Panel (Sap) System For Fragment And Handgun Protection With The Capability To House Hard Armor Plates (Hap) For Rifle-grade Threats. The Exterior Is Fully Outfitted With A Heavy-duty Molle (Modular Lightweight Load-carrying Equipment) Webbing System, Allowing You To Customize Your Mission Profile With Pouches, Holsters, And Essential Gear.

GENERAL INFORMATION:

- **MATERIAL:** Heavy-duty 500d/1000d Nylon Or Cordura
- **ARMOR COMPATIBILITY:** Fits Standard Sap And 10" X 12" Hap
- **ATTACHMENT SYSTEM:** Full-body Molle Webbing
- **ADJUSTMENT:** Adjustable Shoulders & Waist (One Size Fits Most)
- **COLOR:** Tactical Black

KEY FEATURES:

- **DUAL-TIER PROTECTION SYSTEM (SAP INCLUDED):** Features Integrated Soft Armor Panels For Flexible, Lightweight Protection.
- **HAP READY:** Front And Rear Internal Pockets Specifically Designed To Hold Hard Armor Plates For High-velocity Rifle Protection.
- **FULL MODULAR CUSTOMIZATION:** Extensive Molle Webbing Across The Front And Back Provides Unlimited Options For Attaching Mag Pouches, Utility Bags And Radio Carriers.
- **ERGONOMIC LOAD DISTRIBUTION:** Adjustable Shoulder Straps And Side Closures Ensure A Snug, Secure Fit That Distributes Weight Evenly Across The Torso To Reduce Fatigue During Long Deployments.
- **HIGH-DURABILITY CONSTRUCTION:** Built From Industrial-grade, Abrasion-resistant Nylon Fabric Designed To Withstand Harsh Field Conditions.
- **TACTICAL IDENTIFICATION:** Includes Hook-and-loop (Velcro) Panels On The Chest For Id Patches, Agency Insignias, Or Morale Patches.
- **BREATHABLE DESIGN:** Interior Lining Is Optimized For Airflow To Keep The Operator Cool Under Physical Exertion.

FULL-COVERAGE TACTICAL BALLISTIC ARMOR SYSTEM

ITEM CODE – SGPL/FCT/009

ITEM DESCRIPTION:-

This Premium Ballistic Vest Is Engineered For Operators Requiring The Highest Level Of Comprehensive Protection Without Sacrificing Mobility. It Features A Tiered Defense System, Integrating Soft Armor Panels (Sap) For Baseline Protection With Internal Front And Rear Pockets For Hard Armor Plates (Hap). This Configuration Ensures Defense Against A Wide Range Of Ballistic Threats In High-risk Environments.

GENERAL INFORMATION:

- **ARMOR CAPABILITY:** Dual Sap And Hap (Hard Armor Plate) Compatibility
- **SPECIAL FEATURES:** Detachable Collar, Throat And Elastic Groin Attachments
- **POUCH SYSTEM:** Comprehensive Molle Webbing + Detachable Side Pouches
- **ADJUSTABILITY:** Velcro Side Closures For A Secure, Adaptive Fit
- **MATERIAL:** High-tensile, Abrasion-resistant Tactical Nylon Or Cordura

KEY FEATURES:

- **TACTICAL COLLAR & THROAT PROTECTION:** Detachable Reinforced Collar Provides Critical Coverage For The Neck And Throat Areas.
- **GROIN PROTECTION SUPPORT:** Features An Elastic-based Attachment System Designed For A Groin Protector (Attached Integrated Inside Of Jacket) To Ensure Lower Torso Safety.
- **COVERAGE:** Comprehensive Wrap-around Design Protects The Front, Back, And Sides Of The Torso.

ELITE MODULAR BALLISTIC PROTECTION SYSTEM WITH RAPID DEPLOYMENT

ITEM CODE – SGPL/RAPID/010

ITEM DESCRIPTION:-

Designed for maximum defense and mission adaptability, this high-threat ballistic vest provides comprehensive coverage for modern operators. Featuring a Quick Release System, the vest can be instantly jettisoned in emergencies via a dedicated pull-down mechanism. The system is secured with heavy-duty hook-and-loop (Velcro) closures on the shoulders and waist, ensuring a customizable, secure fit that stays in place during high-intensity maneuvers.

GENERAL INFORMATION:

- **ARMOR TYPE:** SAP & HAP Dual-Tier Compatibility
- **RELEASE MECHANISM:** Integrated Quick Release Pull-Down System
- **CLOSURES:** Reinforced Shoulder & Waist Velcro Fasteners
- **ADDED PROTECTION:** Detachable Groin system
- **CUSTOMIZATION:** Full Body MOLLE Webbing
- **AVAILABLE FINISHES:** Tactical Black & Digital Woodland Camouflage

KEY FEATURES:

- **MULTI-TIERED ARMOR SUPPORT:** Engineered to house both Soft Armor Panels (SAP) for fragmentation/handgun protection and Hard Armor Plates (HAP) for rifle-grade threats in dedicated front and rear compartments.
- **DETACHABLE GROIN GUARD:** Includes a separate, detachable ballistic groin panel that can be added for extra protection or removed for increased mobility.
- **SHIELDING:** Wraparound protection ensures vital organs are shielded from the front, back, and sides.

PROFESSIONAL OPERATOR FULL-BODY BALLISTIC SHIELD SYSTEM

ITEM CODE – SGPL/BJQRS/011

ITEM DESCRIPTION:-

Engineered For High-risk Tactical Operations, This Comprehensive Ballistic System Provides 360-degree Protection With An Advanced 4-wire Quick Release System. In Emergency Situations, The Operator Can Instantly Jettison The Entire Vest Using The High-visibility Chest Pull Tab, Ensuring Rapid Extraction Or Medical Access. The System Is Reinforced With Heavy-duty Shoulder And Waist Velcro Closures For A Custom, Secure Fit.

GENERAL INFORMATION:

- **EMERGENCY RELEASE:** 4-wire Quick Release With Chest Pull Tab
- **ARMOR COMPATIBILITY:** Front/Rear/Groin Sap & Hap Dual Compatibility
- **SPECIALIZED PROTECTION:** Ballistic Collar, Throat Guard, & Detachable Groin
- **ADJUSTMENT SYSTEM:** Industrial-grade Shoulder And Waist Velcro
- **MODULAR ATTACHMENT:** Integrated Molle Webbing & Id Velcro Panels

KEY FEATURES:

- **DUAL-TIER TORSO ARMOR:** Internal Compartments Are Designed To Hold Both Soft Armor Panels (Sap) And Hard Armor Plates (Hap) For Front And Rear Rifle-grade Protection.
- **INTEGRATED NECK & THROAT GUARD:** A Reinforced, High-profile Collar Provides Critical Ballistic Coverage For The Throat And Neck Areas.
- **ADVANCED DETACHABLE GROIN PROTECTOR:** This System Includes A Modular Groin Guard Capable Of Housing Both Sap And Hap Inserts, Offering A Rare Level Of Lower-torso Defense That Can Be Removed For Increased Mobility.
- **SIDE PROTECTION:** Wrap-around Panels Shield The Lateral Torso From Fragmentation And Lateral Ballistic Threats.
