

CLEARWATERS RADIO

Powering People Who Power Change!

MEDIA KIT 2026

Our goal is simple:
Good Music.
Power Filled Communication. Daily
Uplift. Responsible Media 24/7.

The world is online — and Clear Waters Internet Radio is where it's happening. We connect changemakers, thought leaders, and organizations with a global audience that traditional radio can't reach. With over 20 years of professional media experience, your message, mission, and initiatives are amplified, replayed, and multiplied across digital spaces for real impact.

Our programming blends clean music, inspiring conversation, live interviews, and transformative content — from community initiatives and nonprofit work to youth empowerment and lifestyle guidance — engaging listeners who are motivated, influential, and ready to act.

As a partner, sponsor, or contributor, you gain access to a curated, purpose-driven audience, making Clear Waters more than a station — it's a digital platform where influence grows, impact multiplies, and your voice reaches the world.
