

ENTRAGROW

BUSINESS PROFILE

About Us

Founded over a decade ago, Entragrow has evolved from a logistics and retail enabler into a trusted business solutions partner, helping global companies expand into emerging markets across the Middle East — particularly Iraq and Syria. We empower international businesses to enter, operate, and grow with confidence through a combination of local expertise, market insight, and reliable operational support. Our bilingual, cross-cultural team bridges global business standards with local realities — ensuring your brand is well-positioned, compliant, and competitive from day one.

We don't just open markets — we make them work for you.

Our Vision

To be the leading partner enabling global companies to access, understand, and grow in Middle Eastern markets through market intelligence, marketing excellence, and operational efficiency.

Our Mission

To simplify market entry and business expansion for international brands by delivering integrated solutions in market entry, marketing, logistics, and compliance, supported by deep local knowledge and trusted regional partnerships.

Our Service

Market Entry & Business Development

Helping international companies establish a strong, compliant, and sustainable presence in Iraq, Syria, and the wider Arab region.

- Company registration, licensing, and local representation.
- Partner, distributor, and supplier identification.
- Business setup, hiring, and operational management.
- Strategic consulting and tailored market entry plans.
- Building relationships with government and private stakeholders.

Marketing, Branding & Market Research

Creating strong, relevant, and localized brands that resonate with regional audiences.

- Market research and consumer insights.
- Brand identity creation and strategic positioning.
- Multichannel marketing campaigns (digital & offline).
- Social media management and content development.
- Performance analytics and reporting.
- Translation and cultural localization services.

Logistics, Operations & Compliance

Smart, reliable, and compliant solutions that keep your business running smoothly.

- International and domestic shipping (to and from Iraq & Syria).
- Warehousing and inventory management solutions.
- Door-to-door delivery for businesses and individuals.
- Regulatory compliance, VAT, and local legal support.
- ISO certification and quality system implementation.
- Consultation and staff training programs.
- Multilingual communication and operational support.
