MODEL-ML9051/48LAMPS

Product size-D800*H4000
Material: Ceramic+Powder coated plate

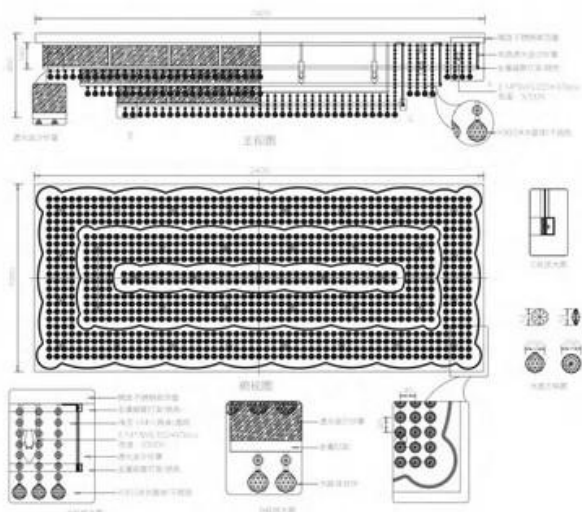

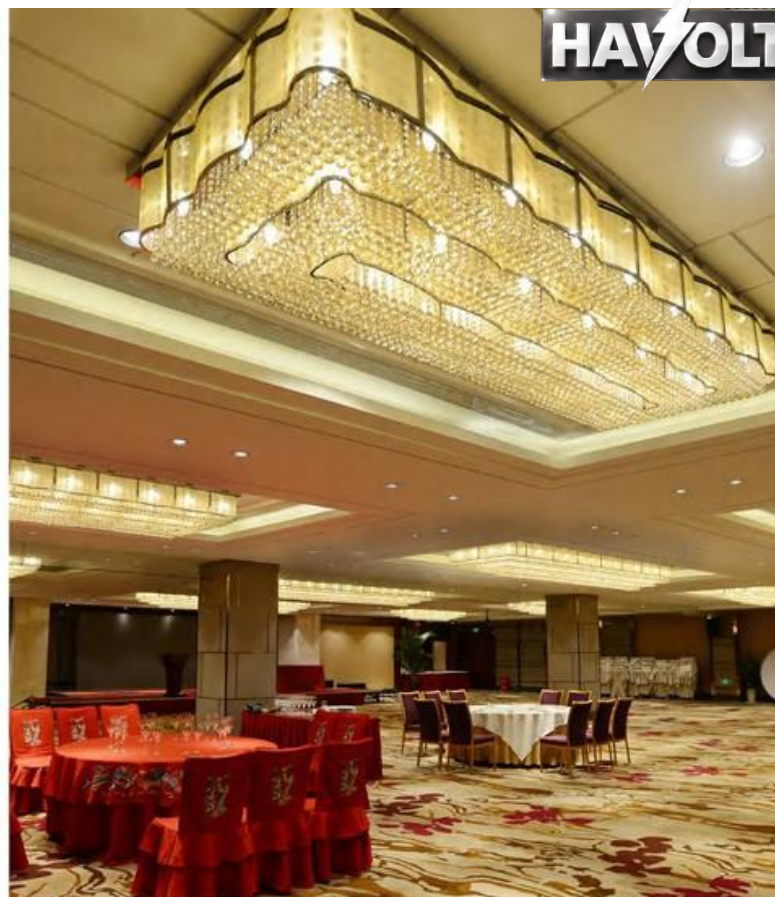

Colour:White
Applicable space:Double
heighted ceilings

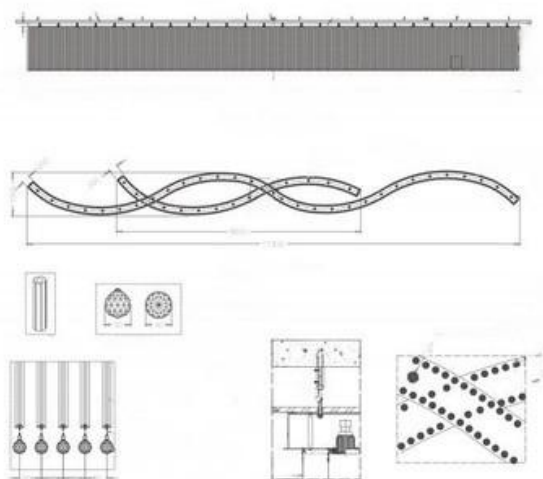

This crystal chandelier features bold, layered rectangular tiers that create a striking architectural presence. Each section is lined with shimmering crystals that softly diffuse light, giving the room a warm, luxurious glow. Its structured geometric form adds a sense of grandeur and symmetry, making it perfect for formal dining spaces, banquet halls, or high-end hospitality interiors. Elegant yet commanding, it transforms the ceiling into a statement centerpiece that elevates the entire atmosphere.

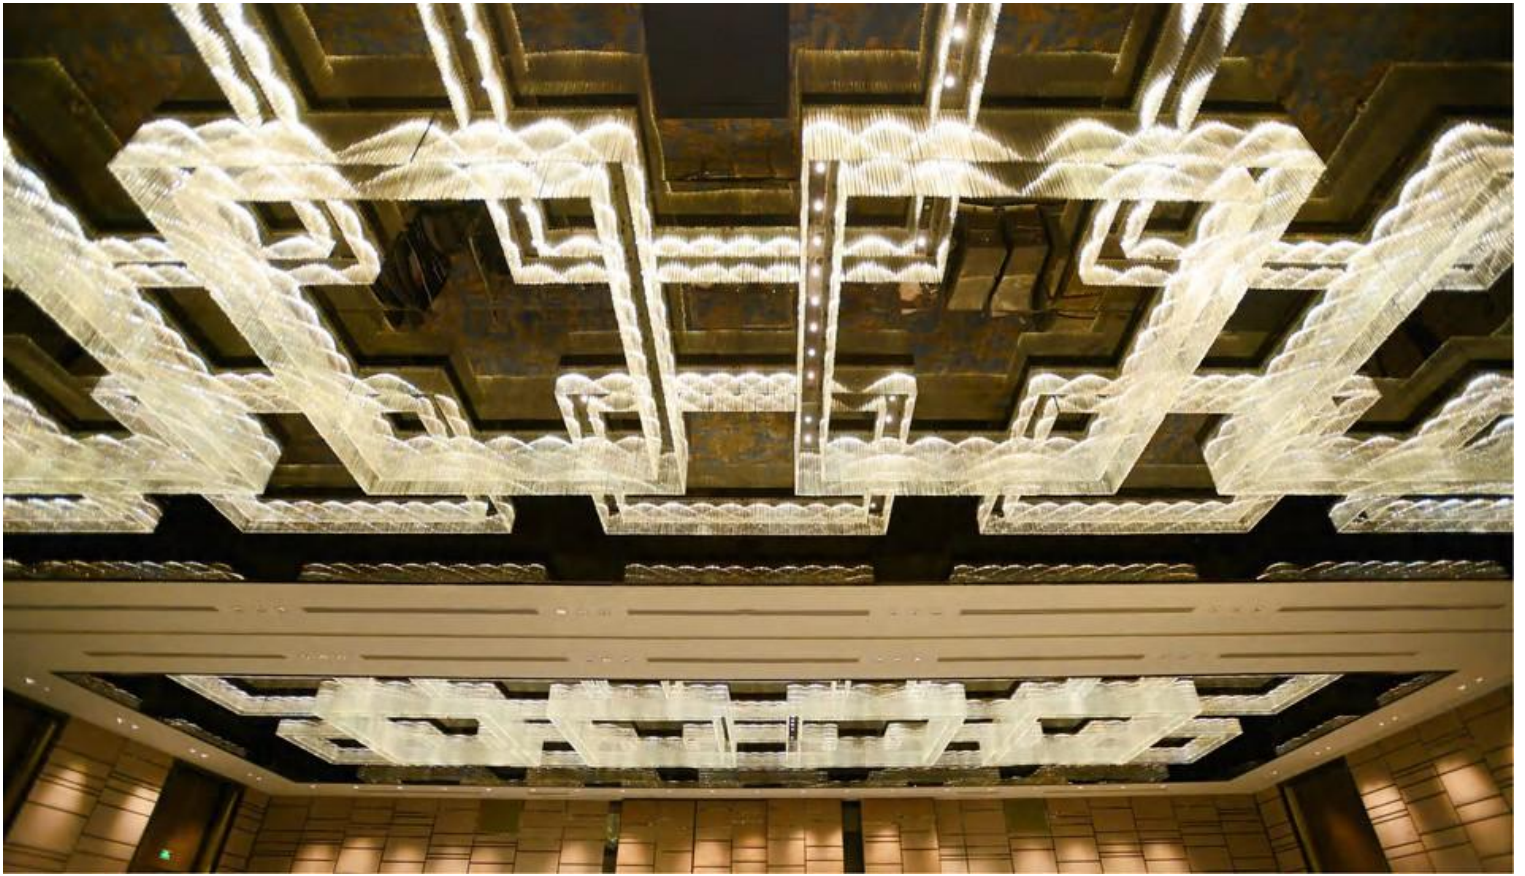

Installed in a horizontal and vertical way, the chandelier in the banquet hall has a good combination of pineapple beads and lighting source. Equipped with carpets on the floor, collocation of lights and carpets can have an effect of increasing the height of the hall, as well as delivering happiness at the sense of color

This chandelier cascades in soft, circular tiers, creating a flowing wave of light that draws the eye upward the moment you enter the space. The delicate strands of crystal catch the light beautifully, giving the installation a sense of movement and elegance. Its fluid form softens the modern architectural lines around it, adding warmth, sparkle, and a luxurious ambience to tall lobbies and grand entrances.

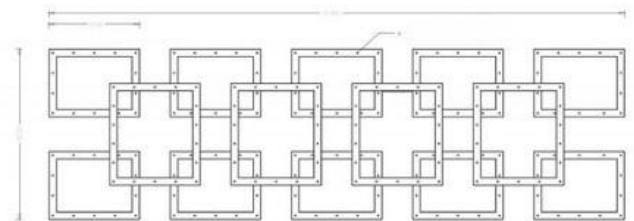

EMBEDDED POINT DISTRIBUTION

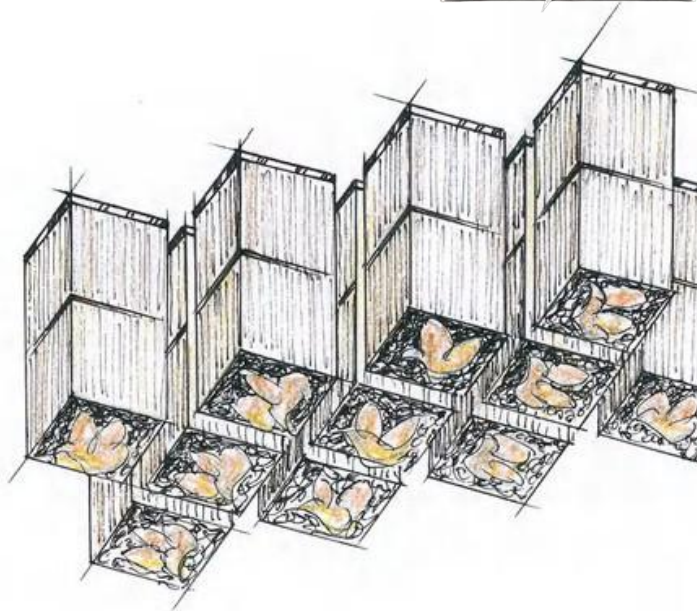

TOP VIEW

This chandelier is designed to elevate large-scale interiors with a modern luxury aesthetic. Featuring layered geometric frames crafted from shimmering crystal, it delivers a uniform, warm glow that enhances the ambience of grand spaces such as ballrooms, banquet halls, and premium hospitality venues. Its bold linear design creates visual depth and sophistication, making it a statement centerpiece that blends contemporary style with high-end craftsmanship. Perfect for projects seeking impactful lighting with both presence and elegance.

HAYOLT

DESIGN CONCEPT

Inspired by chinese antiques and craftsmanship the magnificent pillars and wooden beams are perfectly complemented with chinese lantern and finly carved artworks classical style and stylish polished metal by contrast with crystal ball, charming light fixtures and patterned seats ,chic tiles and wood echoes

Elevate your space with brilliance that speaks.
