25TH APRIL – POSTER

Time (EEST TIMEZONE)	Presentation	Speaker
16:30–16:36	When Size Does Not Match Symptoms: The Clinical–Imaging Discrepancy in a Retroperitoneal Lipomatous Tumor	Catherine–Teodora Costan
16:36–16:42	Pleuropericardial Window for the Management of Combined Pleural and Pericardial Effusions: A Retrospective Single–Center Analysis	Anastasia–Parascheva Sandu
16:42–16:48	Clinical Implications of Anatomical Variations of the Facial Nerve in Parotidectomy Patients	Catherine Costan
16:48–16:54	Late Presentation of Congenital Incomplete Ileal Stenosis in a Pediatric Patient: A Rare Cause of Intestinal Obstruction	Valentina–Simina Uțiu
16:54–17:00	Multidisciplinary Management of Severe Mitral Regurgitation with Multisystem Involvement	Flavian–Gabriel Iosifescu
17:00–17:06	Diagnostic and Therapeutic Management of a Large Cervical Mass: A Case Report of Castleman Disease	Prodan Alexandru
17:06–17:12	Postoperative Pain Management in Pediatrics in Muhimbili National Hospital, in Dar es Salaam, Tanzania	Yara Abdelrahman
17:12–17:18	Ruptured Pulmonary Hydatid Cyst with Hepatic Involvement: Diagnostic and Surgical Challenges	Madalina Iuliana Bud
17:18–17:24	Fulminant Necrotizing Fasciitis Following Minor Trauma in a Young Adult: A Fatal Case of Delayed Treatment	Louis Revy
17:24–17:30	Congenital Ileal Stenosis in Children: Comparative Surgical Management with Resection and Ileal Plasty	Valentina–Simina Uțiu
17:30–17:36	Parasitic Peritonitis: When Nematode Doesn't Need Any Perforation	Yaakoub Meddah
17:36–17:42	Critical Bleeding in Duodenal GIST: A Case Report	Valentina–Simina Uțiu
17:42–17:48	Emergency Surgical Management of Aorto–Duodenal Fistula Causing Massive Gastrointestinal Hemorrhage	Valentina–Simina Uțiu
17:48–17:54	Median Arcuate Ligament Syndrome in an Elderly Patient: Diagnostic Challenges and Laparoscopic Management	Valentina–Simina Uțiu
17:54–18:00	Adult Presentation of Intestinal Malrotation Complicated by Volvulus and Ladd's Band Obstruction: A Case Report of Missed Diagnosis	Emanuela Ioana Nechifor
18:00–18:06	Can Artificial Intelligence Revolutionise Surgical Decision–Making for Appendectomy? A Narrative Review	Ali Murtada
18:06–18:12	Enhanced External Counterpulsation in Refractory Angina: A Systematic Review with Potential Relevance for Perioperative Risk Stratification	Prinshu Gupta
18:12–18:18	Spontaneous Resolution of a Post–Traumatic Proximal A2 Segment Anterior Cerebral Artery Pseudoaneurysm	Abdullah Al Lawati
18:18–18:24	Anatomical Variations of Koerner's Septum: A Single–Center Computed Tomography Study	Abdullah Al Lawati
18:24–18:30	Computed Tomography Evaluation of Renal Vascular Anatomy and Variations in an Omani Population	Abdullah Al Lawati
18:30–18:36	Primary Pleural Myxoid Liposarcoma Mimicking Pleural Effusion in a COVID–19–Positive Patient	Abdullah Al Lawati
18:36–18:42	Microbiological Characteristics of Necrotizing Fasciitis at Sultan Qaboos University Hospital, Muscat, Oman: A Retrospective Study	Abdullah Al Lawati
18:42–18:48	Clinical Presentation, Surgical Approaches, and Outcomes of Third Ventricular Colloid Cysts: A Retrospective Single–Center Study from Oman	Abdullah Al Lawati

25TH APRIL – POSTER

Time (EEST TIMEZONE)	Presentation	Speaker
18:48–18:54	An Unusual Mechanism of Small Bowel Obstruction: Entrapment of Meckel's Diverticulum Through an Adhesive Bridge	Abdallah Shurrab
18:54–19:00	Surgical Management of Persistent Oroantral Communication: A Case Report	Emanuela Vreme
19:00–19:06	Underdiagnosis of Endometriosis and Delays to Surgical Intervention: A Review of Current Challenges and Clinical Implications	Javeria Khan
19:06–19:12	Radiological Underestimation of Tumor Response After Neoadjuvant Pembrolizumab in MSI-High Colon Cancer: Implications for Surgical Management	Namra Ghafoor
19:12–19:18	Cardiovascular Complications Following COVID-19 Vaccination: A Systematic Review of Incidence and Risk Factors	Anass Taoulachte
19:18–19:24	Recurrent Giant Pilomatricoma of the Lower Back in a Young Adult: A Rare Case Report	Rohit Murali
19:24–19:30	Retroperitoneal Liposarcoma with Delayed Diagnosis: A Case Report of Complex Multidisciplinary Surgical Management	Aida-Nicoleta Grecu
19:30–19:36	Optimal Surgical Timing after Neoadjuvant Therapy in Rectal and Breast Cancer: A Narrative Review	Muhammad Moosa
19:36–19:42	Treatment tactics for complex choledocholithiasis and calculcular cholecystitis	Sony Thankamoni Sindhur
19:42–19:48	Early-Onset dMMR Colon Cancer with Progression After Chemotherapy and Marked Response to Immunotherapy: A Case Report	Iman Saleem

25TH APRIL – ORAL

Time (EEST TIMEZONE)	Presentation	Speaker
	Session I Original Papers / Clinical & Applied Research	
16:30–16:42	Surgical innovation: a cross-sectional study on the attitudes of medical students toward robotic surgery in oman	Abdullah Al Lawati
16:42–16:54	risk factors associated with diabetic retinopathy at muhimbili national hospital, tanzania (2023–2025)	Saeed Salim
16:54–17:06	Minimal clinically important difference and substantial clinical benefit after carpal tunnel release using the quick disabilities of the arm, shoulder, and hand (quickdash) and mayo wrist scores: a prospective observational study	Abdullah Al Lawati
17:06–17:18	The impact of cataract surgery on visual acuity and quality of life of patients operated on in university teaching hospital of kigali (chuk) and rwanda charity eye hospital (rceh)	Yusr Sirelkhatim
17:18–17:30	Comparison of 810nm red diode laser to 520nm green diode laser for the treatment of threshold retinopathy of prematurity (rop)	Mantsha Ahmed
17:30–17:42	Indications and outcomes of tracheostomy among patients attending muhimbili national hospital, 2023–2025	Iman Osman
	Oral Session II – Systematic Reviews & Meta-Analyses	
17:47–17:59	Transapical versus transseptal mitral interventions: systematic review and meta-analysis	Ilyas El Harous
17:59–18:11	Culture-confirmed biliary pathogens and antimicrobial resistance in acute cholecystitis: a systematic review	Katie Jenkins
18:11–18:23	Real-time artificial intelligence-assisted tumour margin identification in adult high-grade glioma surgery: a systematic review	Neran Mahadeosingh
18:23–18:35	AI-assisted optical imaging for intraoperative tumor margin assessment in solid tumor surgery: a systematic review	Prinshu Gupta
18:35–18:47	Robotic versus laparoscopic surgery in colorectal cancer: a systematic review and meta-analysis	Daria Ioana Vreme
18:47–18:59	Sleeve gastrectomy vs. roux-en-y gastric bypass: nutritional deficiencies and gut-microbial changes	Mais Alsuleiman
	Oral Session III – Literature Reviews / Narrative Reviews / Innovation	
19:04–19:16	Comparative outcomes of video-associated thoracoscopic surgery and open thoracotomy in lung cancer resection: a structured literature review	Muhammad Moosa
19:16–19:28	Revisional bariatric surgery: techniques for managing weight recidivism and surgical complications	Abdullah Al Lawati
19:28–19:40	Deep brain stimulation for parkinson’s disease: current state and perspectives – a narrative review	Gabriel-Sebastian Donea
19:40–19:52	Precision functional neurosurgery for treatment-resistant depression: toward personalized brain circuit modulation	Vlad David Lepădatu
19:52–20:04	Viewop: a user-centred digital solution to improve surgical theatre efficiency and peri-operative patient flow	Ahmed Alahmad
20:04–20:16	less is more: partial versus full resuscitative endovascular balloon occlusion of the aorta in trauma	Natcha Jirarattanarangsee
20:16–20:28	Preoperative Anxiety in Patients: Assessment of Levels and Effectiveness of Medical Staff Interventions	Dariya Tlektes
